## Students raise \$100 for Guatemala

The Student's Council at the Deseronto Public School has raised almost \$100 to be used to provide relief for the victims of the Guatemala Earth Quake.

Acting upon a suggestion from UNICEF, the Council guided by a Staff representative, set up the scheme to collect contributions from the student body to send to Guatemala.

Posters were prepared by Mary-Jo Sergeant, Barb Kells, Karen Morris and Gary Galt, and students were asked just to give up something small, as often as they could, so that the money could be donated to the relief fund.

The drive in the school ended on Monday, but students say it was in the community who wishes to donate may still contribute to the fund through the school.

Staff and some parents also contributed to the student drive.

Funds collected in the schools are being co-ordinated and sent to the disaster-torn country by UNICEF which is acting also for the junior Red Cross to provide a central headquarters for relief efforts.

This smiling group of students is the Student Council at the Deseronto Public School. During the past week, the Council has raised almost \$100 to send for relief in the earthquake torn country of Guatemala. From left to right front row, they are: Sheryl Reid, Barb Kells, Sherry Green, centre row, Mary-Jo Sergeant, Karen Morris, back row Kim Reid, Kelly Dickinson, Kelly Shea, Dale Ziemann, and Robert Beauchessne.

## Body found in vacant house

Constable Norman Clark of the Deseronto Police Force, Thomas Maracle of the Tyendinaga Police force were the first police to investigate the discovery of a body in a vacant house just outside Deseronto on Highway 2.

Constable Clark said that the body of an Alexander Jensen, 60 formerly of Nova Scotia had been discovered in the house just west of the town on Sat.

He had been lying, unnoticed on the site for about two months, Constable Clark said.

The body was reported to the attendant at the Spur Gas Station on Highway 2, who then alerted Police.

The Ontario Provincial Police are seeking any information about the background of the man which can be obtained.

## Film to be shown

Wednesday is Ash Wednesday, and a special film entitled "The Gospel of John," narrated by Johnny Cash and filmed in Israel will be shown at 7p.m. and 9p.m. in the Deseronto United Church.

The proceeds from the showing of the film will be used to sponsor the CGIT.

About 15 Deseronto teens are learning the arts of Karate twice a week.

## Eastern Ontario hospitals face budget cutbacks

The most recent announcement of budget cutbacks will mean that Eastern Ontario hospitals must reduce their total spending by approximately \$6.5 million.

In the Eastern Ontario region, approximately 242 bed closings are necessary to save approximately \$4,321,891 and an additional \$2,103,819 will be realized through staff reductions.

All hospital administrators in Ontario have been advised of the extent and type of immediate constraints to be applied at their hospitals. According to information received from the Ministry of Health, of the 253 active treatment hospitals across the province, 69 will have necessary staff reductions and 36 will have fewer beds.

In Napanee, 24 beds are to be closed

at the Lennox and Addington County General Hospital, saving approximately \$336,624. There will be no staff cutbacks.

In Kingston, both the Kingston General Hospital and the Hotel Dieu Hospital have been ordered to reduce their numbers of hospital beds by 25, saving \$545,800 from the budget of each of the two hospitals.

There will be no bed closures in Belleville, but the staff is to be reduced, saving an estimated \$563,969, or about 4.1 percent of the total budget.

Prince Edward County Memorial Hospital, in Picton has been ordered to save \$214,161 from its budget by reducing the staff size. The saving there represents approximately 11.9 percent of the budget.

## Busy month for town Police

During the month of February, the Deseronto Police Force investigated 38 complaints and answered 261 other calls.

The force charged 17 people under the Criminal Code, 12 under the Liquor Control Act, and 23 under the Highway Traffic Act.

A total of 35 tags were issued for parking violations, four juveniles were charged under the Delinquents Act and one charge was laid under the town by-laws and one under other provincial legislation.

Thirteen summonses were served for other forces.

Deseronto police found two properties left open at night, and made six checks of unoccupied houses in the town.

There was one break-in, two incidents of shoplifting and a total of \$835 worth of property stolen.

Police have recovered property valued at \$45.

## Report cards due

Report cards from the Deseronto Public School will be coming home with students on March 18, just before the winter break.

B Q GRAPHICS LIMITED  
P.O. Box 410, 170 Main Street, Deseronto Ontario  
Telephone 613-396-3431

Published Wednesdays and circulated in the Bay of Quinte Area.  
News Editor: Aleda O'Connor

It is hard to believe that the warm sunny weather of the last few weeks could be a prelude to what has been termed the worst storm of the winter. Lonsdale, one of the most picturesque villages in Hastings County, located some seven miles from Deseronto, once boasted a number of mills, powered by the waters of the Salmon River.

## Obituary

Thomas Charles Tinney, of 48 Mechanic St. Deseronto died Tuesday February 24, 1976, in his 64 year, after a short illness.

Mr. Tinney, who died in his home was the son of the late Frank Tinney and his wife the late Lillie Mae Shatraw. He was born April 1, 1912.

He married Nora Green, who has survived him, and the couple had one child, a daughter Bessie, Mrs James Walker, of Ajax. There were three grandchildren, Jennifer, Sandra and Tom.

Mr. Tinney is survived by two brothers, Carl, of Deseronto, Norman

of RR 1 Deseronto, and two sisters, Mary, Mrs. Clabourne Tompkins, Deseronto, and Flora, Mrs. Floyd Shatraw, of Bancroft. He was predeceased by one brother, Frank.

A retired employee of Ideal Venders, Mr. Tinney was a past Warden of Christ Church, Deseronto, and a Fraternal member of the Royal Canadian Legion.

The funeral was held Friday February 27, at 11 a.m. in Christ Church, and was conducted by Rev. Cyril Betts.

The pall bearers were Dennis Tompkins, Gary Tompkins, Kirk Tinney, Greg Tinney, Bill Doreen, Darryl Pritchard; and nephews.

Well you sure know spring is in the air with animals around no matter what the weather does. The lambs are dropping, the muskvy ducks have got right vocal with all sorts of little bubbly trills and whistles and the odd early bird has started to lay.

The rooster are crowing more often and the poor hens can hardly run to get their grain without haven a rooster try and catch her on the way by.

We got a mess of bantams around all on account of getting half a dozen last year, and I thought I had them all figured out. I'd watch were they were layen and then I'd set up a nest near by and get all the eggs.

This worked out pretty well and I was patten my back till last week when I reached up to check out a nest over the beam. Well, I got me a couple of eggs and the hay a way back looked a little different, so I shoved my hand back farther and a bantam hen up and savaged my fingers something frightfull.

She had quite a nest full, she was settin on so I says just you hold tight little girl, I'll warn Elma she's going to have another dozen bantams sooner than she thought.

Great birds then bantams. A her will get it before she'll leave her nest, and don't get between a mother and her chicks cause she'll take right hold of you.

The roosters do their part, after the chicks are hatched that is, by looking after the young poults when the hen leaves them to go back nesting. Then they split up with a rooster taken off with as many hens as he can get to go with him. Some great pollicking and salesmanning goes on then.

The young rooster a crowing in different parts of the field trying to sell the fine foods and delights they have to offer to any hen that comes by. want, so I killed off a few young roosters couple a weeks ago. They et right good. Their eggs are about the size of the small eggs in the store and just as good as any home grown I've had. What with the way they kept the grassy hoppers and ants down in the yard and the plain fun of haven them around I'd say they sure pulls their weight around the place.

That little fellow who's the ombudsman on the T.V. kind of reminds of a bantam. I got a great charge out of the program about the Employment Insurance last week. Their problem is haven lawyers draw up their forms to sent to normal people to read.

Much the same as parliament to o many lawyers tryin to draw up things for us normal people to follow.

## Deseronto

Deseronto Quinte Old Timers had better than average attendance, despite no bus pick-up on "drop-in" Wednesday.

There were five tables of euchre and teams played shuffleboard as an alternate.

The game is a new acquisition for the club.

Mr. and Mrs. G.E. Trolley, of Niagara Falls, Ontario, called on Mrs. Margaret Luffman, who is a patient at the Quinte Nursing Home.

Miss May Hunt is now a resident at the Lenado Home in Napanee. She celebrated her 83 birthday on Sat. Feb. 28.

All residents at the home with Feb. birthdays joined together for a special celebration last week, and were invited

to sit at the head table as the guests of honor.

Each woman was presented with a corsage and each man with a boutonniere.

The birthday celebrants each had invited a number of guests to join them for the special dinner, and the entertainment was provided by Arthur MacEwen who tap danced and played old time music.

There was a large birthday cake for the party.

Miss Hunt received flowers, cards and gifts from friends and relatives, in honor of the day.

## Old Timers

The Deseronto Quinte Old-Timers have purchased a shuffleboard, as an alternative to euchre and carpet bowling.

The last meeting, held Feb. 11 was well attended, and now that the public address system is once more in good working order, the President Mrs. Ada Claus opened the meeting and was assisted by Mabel Mood, for the balance of the meeting.

Elsie Palmer, chairman of the Social Committee reported that nearly \$50 was earned from proceeds of the euchre party and it was decided to hold another on March 8.

The club membership, it was reported has reached 76.

Mabel Moon and Maurice Deltor have been appointed as the delegates to the South-Eastern Advisory Council.

## Lonsdale W.I.

Mrs. Lois McMechan, the District President of the Women's Institute, told members of the Lonsdale W.I. that scholarships were available for anyone interested in furthering their education, in the fields of Home Economics, science, farming, dietitian, Veterinary Science.

She told those attending the Feb. meeting in Lonsdale that further information could be obtained from the high school guidance office.

Mrs. McMechan urged W.I. members to get in touch with their local television stations to voice their opinions about violence on television, as well as to write to their members of parliament with regard to the raising of the drinking age.

The group is to provide entertainment at the District Annual meeting, May 19. The roll call was: name a district W.I. officer.

Lunch was provided by Mrs. J. McGinnies, Mrs. R. Basten and Mrs. W. Crogg.

Members were asked to note that the March meeting is to be held on March 11, instead of the 18. Other Institutes are being invited to come and hear Mrs. Alva Kerr, who is the woman director for the National Farm Women, speak, and show films on New Zealand and Australia.

Would the Lonsdale members please bring lunch.

Euchre is planned for March 10.

Mrs. Roy Sullivan of Plainsfield spent a few days with her aunt, Mrs. Lottie Anderson, recently.

Mrs. Day Hood and her sister, Mrs. Violet Barbier, spent the week-end in Peterborough with Mrs. Barbier's daughter Kim Saggashi and her husband and Fred.

This year the World Day of Prayer service will be held at the United Church on Friday, March 5 at 2 p.m.

## Special services in March

There will be a special series of joint church services held to mark the Lenten period, by the United churches in Deseronto, Napanee, Selby, Empey Hill and Melrose.

On Sunday, March 7, the first of the services will be held in Selby.

Rev. Case is to be the guest speaker, and there will be a combined junior choir of Selby, Empey Hill, Grace Church United, Melrose and Deseronto.

On the following Sunday Communion will be celebrated in Deseronto and Melrose.

The service will be held in Deseronto on March 21, where the guest speaker will be Rev. Elliot. Again there will be a combined choir, this time composed of teens.

The final service is to be held in Napanee, where Rev. Bob Thompson of Deseronto will speak.

All the joint services will be held in the evening.

## Rebekah Lodge confers degrees

The Quinte Link Rebekah Lodge, number 390, at Deseronto, conferred the Initiatory Degree on three candidates on Feb. 12, 1976. The candidates two from the Mac Phea Rebekah Lodge no 149, Picton and one from the Quinte Link received their degrees from Deseronto Degree Mistress June Carruthers PhG.

Special thanks were given to the soloist, Marjorie Baird, PhG of the Queen of Sheba Lodge, Napanee and to the pianist Thelma of Lady Nelson of Lodge number 327 Odessa.

This is a new degree team, as Quinte Link was instituted on Dec. 8 1973, and had only put the Degree ceremony on before.

The officers of Mac Phea Lodge, Kay Brumell PhG, PDP as Noble Grand Dena Moore, PhG as Vice Grand, Elsie Hicks, PhG as Inside Guardian filled the chairs before the degree was conferred.

Noble Grand Kay Gyde, of Mac Phea Lodge presented Noble Grand Elsie Lindsay of Quinte Link with a hammered Aluminum serving tray.

Visitors were present from Odessa, Napanee and Picton lodges.

Luncheon was served by the lunch committee.

Anthony and Daphne Tompkins were the winners of the first monthly 50-50 draw, Marjorie Baird was the winner of a hand painted Luncheon cloth.

Monthly 50-50 tickets may be purchased from any Rebekah member. The Lodge is still saving the Dominion Store sales tapes to equip its new kitchen, and would appreciate any donations.

There was no doubt in anyone's mind--last week-- that spring was really on its way. The Salmon river was rushing through Lonsdale on Friday, and roadside rivulets were filling up quickly.

## Anglican Church Women meet at St. Mark's

The regular monthly meeting of the ACW afternoon branch of St. Mark's Anglican Church, met at the home of Mrs. Everett Martin.

The president, Mrs. Robert Tucker conducted the opening devotional service, by singing Hymn 285, followed by prayers and meditation read by Mrs. Margaret Lyons.

Mrs. Robert Tucker read the scripture lesson.

The minutes of the last meeting were read by Mrs. Gordon Simpson and were approved as read.

The treasurers annual report was read by Mrs. Martin and approved.

Roll Call was answered by members and three guests, Kay McFarland, Eileen Keyworth and Audrey Simpson.

Thank you notes were read by the secretary, from St. Thomas Anglican Church in Belleville for a donation to the building fund from the St. Mark's ACW.

A thank you note from Mrs. Barbara Taffs, from Mrs. Mary Workman, the corresponding secretary of the Diocesan Executive of the ACW for inviting them to the parish.

The officers who served last year agreed to continue with their work.

Mrs. Barbara Taffs replaced Mrs. Martin as the treasurer.

The 1976 officers are: President: Mrs. Tucker, Vice-President: Mrs. Martin Secretary, Mrs. Simpson, Treasurer, Mrs. Taffs, Social Service, Mrs. Martin.

Members of the visiting and Social Committee, Mrs. Dora Martin, Mrs. Ruby Tucker, Mrs. Margaret Lyons, Mrs. Barbara Taffs, Mrs. Evelyn Woolgar and Mrs. Laura Mae Simpson.

The March meeting is to be held at the home of Mrs. Taffs.

The members thanked the president, Mrs. Tucker for the way she had conducted the meetings in the past year, and with her help in the coming year, members expect to once more be successful.

She was presented with a post card album to take with her to Florida. She thanked members for the gift.

The meeting closed with prayers and a hymn.

Mrs. Martin served a lunch, and a social hour followed.

## Quick Tasty Soups

A favorite soup made heartier, great with a sandwich when cooking time really runs out.

### "Happy Snappy Chicken Gumbo"

Prepare 1 envelope of Chicken Gumbo Rice Soup mix, according to the directions, but omitting one cup of liquid.

In the last five minutes of cooking, stir in one 15 ounce tin of tomatoes. Serve hot.

### Egg Drop Soup

1 envelope Chicken Noodle Soup mix, prepared according to directions.

Stir one beaten egg into the boiling soup.

Serve hot.

\*\*\*\*\*

### Doughnuts

The wholesomeness of doughnuts depends on how they are made.

Cracking of the surface of the doughnut and consequent soaking of the fat will lessen their digestibility.

Fry doughnuts at 375 degrees F. until brown on one side, then turn over. Cook only a few at a time.

One egg Doughnuts  
3 tablespoons shortening

2/3 cup sugar  
1 egg  
3/4 tsp. salt  
1 tsp grated nutmeg  
4 tsp baking powder  
1 tsp vanilla.

Sift the dry ingredients, cream the shortening with half the sugar, beat the egg until light, add remaining sugar, beating between additions.

Combine butter and egg mixtures, add vanilla, add sifted dry ingredients alternately with milk to make a dough that is soft, but not sticky. Cover the bowl and chill 1 hour before rolling.

Dust the board generously with flour, press or roll the dough to a inch thickness—dip cutter in flour before cutting the dough, cut and fry as directed, when fried, sprinkle with fine sugar.

### Jelly Doughnuts

Roll doughnut mixture thinner than usual, cut with a small cookie cutter. Place a small spoonful of jam or

jelly in centre of half the rounds.

Cover with remaining rounds. Pinch edges together and fry as directed above.

To test oven temperatures without a thermometer.

Sprinkle a small amount of flour in a pan and place in heated oven and leave for five minutes.

If the flour is delicate brown, the oven is slow; 250 degrees to 325 degrees.

If the flour is a golden brown, the oven is moderate, 325 degrees to 400.

If the flour is deep brown, you have a hot oven, 400 degrees to 450.

If the flour is a dark brown, the oven is very hot, 450 degrees to 500 degrees.

# Women now have equal credit opportunity.

## This is what Ontario has done to ensure it.

Here in Ontario, any woman, married or not, should be granted credit in her own name if her credit qualifications, property or earnings are such that a man with the same qualifications would receive credit.

That is the essence of Ontario's new Equal Credit Opportunity Guidelines.

All major credit grantors in the Province have endorsed these guidelines, on the basis that equality of access to credit is a right, even though credit itself is a privilege.

In practice, the Guidelines outline the following principles:

- hold men and women to the same standards of credit worthiness
- refrain from refusing to extend credit to a woman because of a change in her marital status
- refrain from requesting or using information about family planning in evaluating credit applications
- consider a spouse's income, if necessary, when a couple applies for credit
- consider alimony and child support as a source of income
- not alter a person's credit rating solely on the basis of the credit rating of the spouse
- allow husband and wife to have separate files with credit reporting agencies.

For a free booklet giving the Guidelines in detail, and covering the entire subject of women's access to credit, write:

Hubert Puetz, of Deseronto has started a Karate Class for young teens in the town. The class is held in the Deseronto Public School and there are about 15 members of the class. The instructor, who has his black belt in Karate said that he is teaching Shotokan Karate, and at present students are learning the movements of Taikyoku Shoda, Taikyoku Nidan, and Taikyoku Sadan. About half the class is almost ready to receive the yellow belts.

# Yarn may carry disease germ

Consumer and Corporate Affairs Minister Andre Ouellet and Health and Welfare Minister Marc Lalonde recently issued a joint warning that a yarn suspected of carrying anthrax organisms has been imported into Canada. The problem became known.

Anthrax is predominantly an animal disease, but humans may acquire it from handling infected animal material. It usually appears as a skin infection in the form of a boil or carbuncle with a black centre and is resistant to home medication. It responds to treatment with antibiotics.

The suspected yarn was imported from Pakistan, and was distributed by Tahki Imports Limited, of New York and Creative Hand Weavers of California. The yarn has been exported into Canada since mid-1975. It was distributed in Ontario through Village Weaver, Church Street Toronto, Other Delights, Bloor Street, Toronto and Newfoundland Weaving, Queens Quay West, Toronto.

Anyone who believes they have these yarns in their possession should double-bag the products in sealed plastic bags and contact Dr. C.R. Lenk, the Medical Officer of Health in Belleville.

The investigation into the problem is continuing.

## Seeking nomination

Dave Hobson is again seeking the Liberal nomination for the riding of Hastings-Peterborough, at the Liberal Association meeting, to be held April 1, in Madoc.

This would be the third election which Mr. Hobson will contest, if he is successful in obtaining the nomination.

Mr. Hobson ran first in the 1971 provincial election, then in 1975 was the Federal candidate for Hastings-Peterborough.

He believes the central issue of the next campaign will be economic, "while all levels of government must live within their budget, cuts in fields

of health care, and education must be done in a humane way," he said.

Mr. Hobson predicts that the new leadership of Stuart Smith, as the Provincial Leader of the Liberal party would make life, with a Liberal government much better in Hastings-Peterborough.

## Liberal leader to visit

Stuart Smith, the new provincial leader of the Liberal Party is to be touring Prince-Edward Lennox and Kingston on Friday, March 5.

Mr. Smith will devote the entire morning and early afternoon to the Napanee area, arriving at the Napanee Riding Office at 9 a.m. Friday.

He will participate in an open line show on CKWS until 10 a.m. from the riding office, then will participate in an open line show with CJBQ until 11:45 between 11:50 and 12:20 p.m. Mr.

Smith will officially open the Napanee Riding Office.

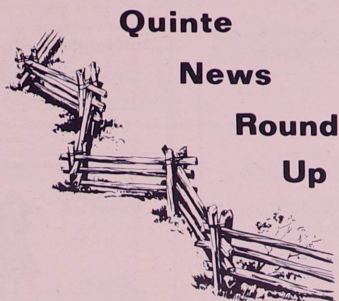

Following a luncheon at the Campbell House Hotel, he will meet with the Napanee Council Industrial Committee, then tour some local industrial sites, before going on to Kingston to meet with the city council and mayor there.

He will have dinner in Picton, sponsored by the Prince Edward Lennox Liberal Association, where he will be the guest speaker.

Dogs aren't only a problem in the Town of Deseronto.

The continuing headache of dogs running at large in the town of Picton has recently prompted Mayor Donald King to suggest that Picton residents become do-it-yourself dog catchers.

The suggestion was that residents annoyed by their neighbors' pets running at large, might try calling the neighbours and letting them know their dog is at large.

## Lady of the year

The vivacious and charming Maude Cochrane of Deseronto, was named Deseronto Lady of the Year at a special surprise party held for her last week at the Deseronto United Church.

Mrs. Cochrane, who will celebrate her 80 birthday next week is well known in this town as an active community member, particularly for her work as leader of the United Church Choir, as a piano teacher for many many years, as an active member of the United Church Women and as a charming hostess.

The party was, in Mrs. Cochrane's own words, "a complete surprise. I thought that they were just going to make a well deserved gesture towards the choir; I never guessed."

The guest of honor was escorted to her seat by Mrs. Marjorie Wood and presented with a corsage by Bev Boonhour of the UCW, who, with Marjorie Wood and Helen Tunncliffe presented Mrs. Cochrane with some gifts.

She received a soft leather week-end suitcase and a purse of money.

Mayor Peter Dickinson presented her with a flowering plant and Mrs. Tunncliffe gave an address.

Mrs. Rose Sexsmith gave reminiscences of the times that her sons had spent with Mrs. Cochrane when they were young, and then gave a reading.

Music was provided by Mrs. Bob Thompson and Judy Clark who sang solos; a men's choir which sang barbershop music, and a women's choir.

Allison Cole played a solo on the piano, as did Mrs. Cheryl Brant.

The party, which was held on Thursday night, on perhaps the worst night of stormy weather of the season. In spite of the poor weather the party was attended by over 75 well-wishers and family members.

MRS. MAUDE COCHRANE

## Council opposes L-A hospital cutbacks

In a special resolution, passed by the Deseronto Town Council on Monday, the Council agreed to urge the Ministry of Health to review the closing of beds and the budget cut for the Lennox and Addington General Hospital, in Napanee.

The cut backs, announced at the end of February called for the closure of 24 beds, more than one third of the total number of beds in the hospital, and has cut the annual budget to the hospital by \$336,624.

The special motion, brought before council by Mayor Peter Dickinson, termed the cutbacks, "a crippling blow, the most severe cut made to any eastern Ontario hospital."

The motion noted also that the Napanee hospital was "the only true community hospital for the Town of Deseronto."

During 1975, the total amount of money flowing into the community through the payroll, was approximately \$1.1 million. With the cutbacks, \$336,624 less will be spent by area residents, and Hospital Administrator E.H. Mills estimated that if the cutbacks go through, 14 or 15 employees would be laid off. The average income of those employees would be approximately 13 thousand dollars, per year.

Mr. Mills said that he had already informed those who will be affected by the cutbacks of the situation. "In all fairness to them, we felt that they should have as much time as possible to seek other employment," Mr. Mills said.

While the Administrator and hospital Board are actively opposing the cuts, Mr. Mills said that any layoff would be decided entirely in terms of seniority.

"We are very saddened by the announcement," he said, "on two levels; first the personal reasons of the employees who will be affected

by the loss of their livelihood, and also because we feel that the level of health care in the community will be reduced."

The Lennox and Addington County General Hospital boasted an occupancy rate of 80 percent or better.

Last Friday a delegation from the hospital went to Queens Park to begin the initial steps of protest. Mr. Mills said that the day was spent going over statistics with government officials. In the meantime, the Deseronto Council has added its disappointment and objections to those of other councils and groups from the area served by the hospital.

## Smith discusses rural cutbacks

Stuart Smith, the Leader of the Ontario Liberal Party, speaking about the cutbacks of hospital budgets in Eastern Ontario, said that while his party was opposed to the method in which the Conservative Ministers had chosen to carry out the cutbacks, the Liberal Party recognized that restraint must be introduced.

"We believe that health spending in Ontario must be reduced," Dr. Smith told a press conference in Napanee on Friday, "and in some cases this will

require a reduction in the size of some hospitals."

These cuts, he said, "can be made most effectively in the large hospitals, and as Liberal Leader, I have repeatedly called upon the Minister of Health to cut his health spending in the cities, instead of victimizing small towns."

Dr. Smith said that in those cases where the Conservative government "has built too many rural hospital beds, as in parts of western Ontario, the

continued on page 3

## Town to act on overdue PUC bills

The time has come that the Deseronto Town Council is going to get tough over outstanding bills owing to the Deseronto Public Utilities Commission.

Mayor Peter Dickinson said that he was very concerned that each month there was a large number of bills unpaid. He said that the last time he had gone over the accounts there was approximately \$6,000 outstanding in unpaid sewer rates, and \$4,000 unpaid water rates.

He said that in some cases this represented a backlog of six months of unpaid bills.

The problem is, however, that the Town does not appear to have the power to take action.

The major problem area appears to be in the collection of unpaid bills from tenants. Unless there is a written agreement with landlords the town is powerless to shut off utilities to tardy bill payers.

"I'm concerned that we are watching the arrears pile up for the PUC," the Mayor said, "and we just can't find a way to stop it."

Two years ago council and the PUC received a special report of recommendations on how to deal with the mounting problem. Apparently the suggestions have not been applied, but council decided on Monday night to get out the report and look it over to see about applying the ideas now.

Clerk-Treasurer Sam Knapp cautioned council that any change in town by-laws concerning the matter would necessitate approval by the Ontario Municipal Board, which could be very time consuming.

"We have reached the point now where we have got to do something about it," Councillor Marvin Brooks said.

The Finance Committee will be looking into the matter this month to decide what will be the best course of action for the council to take.

## 18 dogs caught

Dog watchers in the town of Deseronto may have noticed that for the first time in weeks the streets of the town are relatively free of the annoyance of large groups of dogs at large.

Wayne Brant, an employee of the Streets Department took over the job of "temporary" dog catcher to round up the offending animals while the town tries to find a permanent solution to the dog control problem.

Marvin Brooks told the town council on Monday that during the first weekend Mr. Brant had rounded up 12 dogs, one from as far away as Thurlow Township. A total of 18 dogs have been taken to the pound in just over a week, and 25 dog tags have been issued.

As would be expected, the town police report that the number of dog-related complaints have decreased considerably.

### Task force considering calculators

The Hastings County Board of Education meeting recently in Foxboro, heard a task force of educators recommend widespread use of electronic hand calculators in County schools.

William Mackay, principal of the Board's Centennial Secondary School and a member of the task force said that calculators should even be used at senior levels of high school.

For examination purposes, calculators could be shared between the students.

The task force included teachers, principals parents and students and a school psychologist. The report also said that calculators costing about \$8 each would benefit both

high achievers and low achievers by providing enrichment and motivation.

### Riding office opens

The Prince Edward-Lennox Liberal Association opened a Riding Office in Napanee on Friday.

The office was opened by Stuart Smith, the leader of the Liberal Party for the province of Ontario, and is located on Dundas Street in Napanee, above Roblin's Shoe Store.

It will be open part time, and there will be an answering service for the office, which can be reached by telephoning 354-9229. Volunteers will return any call received.

Well, Pierre Trudeau sure gave them both barrels in Kaybec the other day. That fellow is always surprising me coming right out with what a lot of people

are saying but what a political politician would never be caught being quoted on.

What I get a big laugh over is all the "political" politicians running round after pouring political oil all over and trying to smooth the fluffed up feathers.

It must be hard to convince some deflated windbag that that mess of hamburger on the floor is still his sacred cow and the Prime Minister didn't really grind her all up like that, he just put her together differently as a joke sort of.

Pierre sure plays a different kind of politics then any think we have had around here in a coon's age. You don't know weather to cheer for his straight shouldered comments or to worry about the future.

If'n he's that devil may care about his political image, known all that he must about what is really going on, then what is keepin him?

Any government that's been in during

a crunch, like the depression, has been thrown out weather it was their fault or not. If'n Trudeau's tryen to go out on a wave of unheard of honest comment and then let some other party take the blame for the crunch, then we'd better cross our legs for another slide down the razor blade.

That would leave the liberals as the party who said it like it was and told everyone that the Free Enterprise was into problems and the kaybec better start smarten up and of course the party to elect to come out on the up wave.

Don't know, life stays interestin don't it.

### Man sentenced

Glen Allison, 22, of Deseronto was sentenced by Judge P.E. D. Baker to 21 months in jail following a conviction for breaking into a Deseronto home.

Mr. Allison was released from a previous term in prison of 22 months in Dec., just before he was picked up after breaking into the home of Daryl Weaver and stole liquor and money.

Judge Baker, who was sitting in for Judge Clendenning warned the man that he could expect a very long term in penitentiary if he did not alter his behaviour.

## Deseronto sports news

The C.K.W.S. no stars and the Deseronto Old-Timers played to a 4-4 tie in a benefit hockey game held at the Deseronto Arena on Saturday, March 6.

The fun game featured antics by players of both teams, and a special appearance of a couple of female old-timers appropriately dressed as a tennist and a clown.

Captain of the No-Stars, Wayne Whaley was injured late in the game and was taken to hospital by ambulance. Fortunately, what was feared to be a broken ankle was only a severe sprain.

A dance was held after the game in the community centre hall for the players and their wives, with a lunch

provided and served by wives of the Deseronto Old-Timers team.

The event raised in excess of \$300 for the community centre and may be repeated since more in early April if suitable arrangements can be made.

Benefit games have raised in excess of \$800 for the arena during the season to date, and are made possible through the interest and co-operation of the barious teams and the volunteers who referee, take tickets, serve and provide lunches, and to the fans who turn out to the games.

## Skating cancelled

Public skating will be cancelled on Sat. March 13, and again on Sat. March 27, due to tournament commitments, however additional skating sessions will be held during the week of the public school March break, March 22 to March 26.

A schedule will be announced at school and posted at the arena.

The Deseronto Community Arena has been booked almost solidly since the onset of the Public Employees strike in Belleville, and groups from that area, who normally use the Belleville facilities have been making use of the Deseronto Arena.

## Happenings

### Old Timers

Due to adverse weather and lack of pick up bus attendance of the Deseronto Quinte Old timers was poor.

Two color films, "Talented Hands," and Century of Harvest were shown at the Lion's Hall, Deseronto, on Sunday March 7.

A third film, "Family Tree" could not be shown because the projector failed.

The films were made available to the Old Timers through the courtesy of the Ministry of Culture and Recreation.

The Deseronto Old Timers held their second 1976 Euchre Party at the Lion's Hall on Monday evening, March 8.

Prize winners were: Women's high Pearl McEwan, women's low Martha King; Men's low Brock Thompson, Men's high Pat Stuart, lone hand, Mrs. Mat Cassidy.

The door prize was won by Lena Cummings on a ticket drawn by Mrs. Maude Cochrane.

Elsie Palmer, chairman of the Social Committee, was assisted by Nancy Reynolds, Evelyn Stuart and Phyllis Murphy.

Mabel Moon and Lulu Gordonier presided at the admission table.

Lunch was served at the conclusion of the card playing.

Mr. Albert Walker of Toronto, is spending a week with Mr. and Mrs. Don MacMillan.

Mr and Mrs. Roy Watson and children of Downsview were weekend guests of Mrs. Beryl Herman, Deseronto and Mrs. Watson of Napanee, the children's grandparents on both sides.

### Birth

Kennedy- Amy happily announces the arrival of her baby brother, Edward Ian James, weighing 8pounds, 11 ounces, on Monday February 23, 1976, at the Lennox and Addington County General Hospital. Proud parents are Clarence and Rose Marie

### Smith on outbacks

continued from page one

Liberal Party believes the budget cuts should be absorbed by all hospitals, not just one or two which are shut down entirely."

He said that the recent hospital closures had been unnecessarily harsh and insensitive to the needs of rural Ontario, and pledged to continue to fight to keep the small hospitals open.

**DRIVE SAFELY** **SAVE CHILDREN'S LIVES**

The winner of the Deseronto IOUF draw for a set of olympic cubs was Mr. M. Esford, of Kingston.

The Deseronto Red Cross Association March Meeting was held at the home of Mrs. Evelyn Stuart on Monday, at 2p.m.

Mrs. Tillie Sherman, president was in charge and 17 members were present.

Correspondence was read by the secretary, and a letter of thanks to members and anyone in the community who sent donations to the Red Cross for the Guatemala Relief Fund was received.

Mrs. Gordon Walker reported on Women's work, she has quite a number of article ready to send in to Toronto also yarn on hand for baby sets.

Volunteers will make these. Reports were given from various committees.

The meeting next month will be held at the home of Mrs. Ada Boyce.

The slogan "together we can make good things happen," will continue to be a reality through the participation of everyone in the Red Cross Guatemala Relief Fund.

"Please accept our sincerest appreciation for the contributions from Deseronto which we are happy to announce aided significantly in helping Red Cross exceeding its \$500,000 goal by at least \$200,000," read the letter from John Hamilton the president of the Ontario Division of the Red Cross.

"There is no doubt that this will assist materially in the continuation and development of the Guatemala Relief program."

Corner of St. George & Main - Deseronto, Ontario.

The Deseronto Town Council has issued a statement condemning the recent announcement of cutbacks, and bed closures at the Lennox and Addington County General Hospital.

## Seatbelt exemptions announced

Minister of Transportation and Communications, James Snow announced recently new regulations establishing three additional exemptions to the mandatory seat belt law.

Effective immediately:

Where shoulder harness and lap belt straps are separate in cars manufactured prior to January 1, 1974, the wearing of the shoulder strap is optional, lap belts must be worn.

Cab drivers are exempt from wearing any seat belts while transporting passengers.

Children under five years of age or 50 pounds in weight do not have to be belted up.

Mr. Snow explained that the decision to make the wearing of separate shoulder harness straps in pre-Jan 1, 1974 cars optional resulted from the fact that while automotive manufacturers met federal government standards (Motor Vehicle Safety Act of Canada), "we had to recognize that for some people the

shoulder harness couldn't be properly adjusted.

"In the later models, from 1974 on, these problems have been largely eliminated with the three point harness and inertia reels."

Mr. Snow said that while wearing of the shoulder harness in pre-Jan. 1974 models, is now optional, it may not be removed if already installed. "It should remain for those who feel they would like to take advantage of it," he said.

Mr. Snow said that his decision to exempt children under five years of age or 50 pounds in weight was based on the fact that four suitable child

safety seat units or restraints approved under the federal government's Hazardous products act are now available.

The Minister said that some child restraints are approved by the Canada Standards Association but are not on the market because they do not meet the federal government's standard and that his Ministry will pursue the matter to attempt to clarify the situation.

The Minister added that additional medical evidence from other jurisdictions has indicated that while adult restraints do not offer complete protection for children under 50 pounds in weight, they are better than no restraint system at all."

## Ellis to run in P.E.

Jack Ellis, the former mayor of Belleville and MP for the federal riding of Hastings, said last week that he will seek election in the riding of Prince Edward, in 1978.

Mr. Ellis said that his decision to do so was based on the announcements of restructuring of Federal ridings.

Until the next election the riding of Prince Edward-Hastings is represented by George Hees. The new riding will include Prince Edward County, and part of the present county of Hastings, as far east as Deseronto, to the northern boundaries of Thurlow and Tyendinoga Township.

## Participate in a review of Human Rights

THE ONTARIO HUMAN RIGHTS COMMISSION  
is conducting a comprehensive review of the  
Ontario Human Rights Code.

The Commission will examine the changing  
human rights needs of Ontario residents and  
make recommendations to the Government of  
Ontario designed to:

1. strengthen the Human Rights Code;
2. improve the structure and effectiveness  
of the Human Rights Commission;
3. encourage responsive, effective  
community and educational programs  
in the field of human rights.

Briefs and comments are invited from individuals, groups, and organizations and should be sent to the Commission no later than May 15, 1976.

The Commission will also conduct a number of public hearings throughout the province. Locations and dates will be announced.

Your enquiries are most welcome and should be directed to:

Secretary,  
Review Committee,  
Ontario Human Rights Commission,  
400 University Avenue,  
Toronto, Ontario M7A 1T7

**ONTARIO HUMAN RIGHTS COMMISSION:**

Rosalie Abella, Bromley Armstrong,  
Lita-Rose Betcherman, Jean Marie Bordeleau,  
Elsie Chilton, Valerie Kasurak, N. Bruce McLeod,  
Thomas H. B. Symons, *Chairman*.

Rights Commission

## helen harmer's homemakers corner

Good pastry has a blistery surface that promises flakiness, it is tender, easily cut with a fork, but not crumbly.

Pastry making is not a difficult art, although this is one skill which frequently baffles the beginner.

**Five important rules**

- 1-Have all ingredients as cold as is possible
  - 2- Handle mixture lightly and carefully
  - 3- Use correct amount of water
  - 4-Chill rich pastries before baking
  - 5-Bake at correct temperature
- Temperature chart for baking pastry:  
Puff Pastry: Use a very hot oven (450-500 degrees F.) Place close to bottom of oven. Lower heat to 375 degrees after paste has risen to its full height.

FOR YOUR

**Rawleigh Products****Call 354-5359**

MONDAY &amp; TUESDAY ANYTIME

242 John Street, Napanee

**Pie Shells:** Bake shells for cream pies, lemon pies and so on, in a hot oven, 400 degrees. Bake tart shells also at this high temperature.

**Shells filled with uncooked filling**

Unbaked shells, filled with a mixture of milk and eggs, custard and pumpkin should be baked in a hot oven, 450 degrees, for first 10 minutes, then in a moderate oven, 375 degrees for the remaining time.

**Sweet pastry shells for cream pies**

2 cups enriched flour  
2/3 cup butter (or more)

1 egg

1 tsp baking powder

1/3 cup white sugar

2 tablespoons milk

few grains of salt

Sift flour, salt baking powder, rub in butter, using tips of fingers, add sugar.

Beat egg lightly. Add milk.

Make a "well" in the centre of flour mixture and stir in egg mixture, mixing only enough to make a soft dough. Divide dough in 2 portions.

Place one portion on a greased pie plate. With fingers or a fork, gently spread paste until plate is lined with a thin layer of it.

Make it as smooth as possible, use the remainder of paste to line a second

pie plate.

Bake at 375 to 400 degrees.

When baked, fill with any creamed pie filling for pies. This is a crisp appetizing type of paste resembling cookie dough.

The range of pies is diverse enough to satisfy everyone's taste. A pie is only as good as its pastry no matter what the filling is. A leathery crust or a 'soggy' crust will ruin the pie.

**Pantry Shelf Pie Crust Mix**

6 cups flour

1 tablespoon salt

1/3 cup sugar

2 cups (1 lb.) shortening or lard

Mix together as for 2 crust pie.

Store on the pantry shelf in a covered container, a 3 lb. coffee tin is a good choice.

Add about 1/4 cup ice water to 2/3 cups of this mixture for a 2 crust pie.

**Oil Pie Pastry**

2 cups flour

1 tsp salt

1/2 cup vegetable oil

3 tablespoons ice-cold water

Toss flour and salt together, add vegetable oil.

Mix with a fork until mixture looks like fine bread crumbs.

Sprinkle with ice-cold water to moisten, gather into a ball.

Makes enough for a 2 crust pie.

**Cookie-Dough Pie Crust**

1 cup flour

1/2 tsp salt

2 tablespoons sugar

1/2 cup butter or margarine

Toss flour, salt, sugar to mix.

Add butter and work to a paste.

Press paste against sides and bottom of a 9 in. pie plate.

Use for open-faced fruit pies.

To use for chiffon pies and other

cooked fillings, chill, prick with

fork and bake in hot oven about 15

min until golden brown.

For blueberry pie and a two-crust

pie try adding a little cinnamon,

cloves, salt and 1 tablespoon lemon

juice.

While you are busy preparing pastry

allow this tasty dinner to cook itself.

**Six Layer Dinner**

1 lb hamburger

1 cup sliced onions

1 can tomatoes

2 cups sliced potatoes

1 cup diced celery

salt and pepper each layer slightly,

except celery.

Put in baking dish in order given

Bake covered 2 1/2 hours at 350-400

degrees.

Put bread crumbs on top and return to

oven for 5-10 minutes.

### CARDS OF THANKS

Mrs. Maude Cochrane wishes to thank the ladies who arranged a surprise birthday party for her at Stover Hall on Thursday night, March 4, 1976. She would also like to thank those who contributed towards the travelling flight bag that was presented to her by Mayor Peter Dickinson.

The family of the late Thomas Charles Tinney wish to express their sincere appreciation to all his friends and neighbours for their many acts of kindness, for the floral tributes, donations to the heart fund, Christ Church Memorial Fund, and for the many messages of sympathy in the loss of a dear husband and father. We are especially grateful to Peter Morris, the Mahawk Women's Guild and Rev. Betts. Your kindness will always be remembered.

His wife, Nora Tinney, Bessie, Jim and children.

A sudden fire, which broke out about 5 p.m. at the back of the Guild Restaurant in Pictou took about five hours for the Pictou Fire Department, assisted by the Belleville Fire Department to control. The restaurant and three adjoining stores in the same building were gutted. The fire occurred Tuesday evening, and flames could be seen for miles around. There were no injuries reported, and citizens helped store owners to evacuate their stock before it was destroyed.

## Canadian Festivals welcome Spring

All over Canada, the arrival of spring is welcomed each year with festivals celebrating the re-awakening of nature and a resurgence of vitality.

Four of the most popular are the blossom Festival at Niagara Falls, May 7 to 18; the Ottawa Spring Festival May 16 - 24, the Guelph Spring Festival, April 23- May 9 and the Creston Blossom Festival in British Columbia May 21- 24.

The origin of Ottawa's Festival of Spring, formerly the Canadian Tulip Festival, goes back to September 1946, when Queen Juliana of the Netherlands, sent a gift of 20,000 tulip bulbs to Canada as a special thank-you from the dutch people for the role played by Canadian troops in the liberation of Holland during the Second World War.

## Service industries studied

A study will be undertaken to determine the existing local industrial service industry structure and the economic relationship with the manufacturing industry in the Kingston Area.

The program, sponsored by the Ontario Ministry of Industry and Tourism, was announced last week in Kingston.

The tentative timetable calls for the industry survey to be completed by the end of March. The report giving a complete profile of the local industrial service companies will be made available by mid-summer.

This pilot study will be unique in providing basic service industry/manufacturing linkage information. It will assist industrial promotion across the province.

A second pilot study will be made concurrently at Sault Ste. Marie. The project may be expanded to other Ontario communities at a later date.

Consultants for this study were selected from several firms invited to submit proposals. The successful bidder was Indecon consultants of Canada Limited, Don Mills, Ontario.

WANT TO BUY - Small trucks and vans, any condition, Camelot Auto Body, 240 Newburgh Road, Naponee. 354-3064

### CARDS OF THANKS

Mrs. Maude Cochrane wishes to thank the ladies who arranged a surprise birthday party for her at Stover Hall on Thursday night, March 4, 1976. She would also like to thank those who contributed towards the travelling flight bag that was presented to her by Mayor Peter Dickinson.

The family of the late Thomas Charles Tinney wish to express their sincere appreciation to all of his friends and neighbours for their many acts of kindness, for the floral tributes, donations to the heart fund, Christ Church Memorial Fund, and for the many messages of sympathy in the loss of a dear husband and father. We are especially grateful to Peter Morris, the Mahowk Women's Guild and Rev. Betts. Your kindness will always be remembered.

His wife, Nora Tinney, Bessie, Jim and children.

A sudden fire, which broke out about 5 p.m. at the back of the Guild Restaurant in Picton took about five hours for the Picton Fire Department, assisted by the Belleville Fire Department to control. The restaurant and three adjoining stores in the same building were gutted. The fire occurred Tuesday evening, and flames could be seen for miles around. There were no injuries reported, and citizens helped store owners to evacuate their stock before it was destroyed.

## Canadian Festivals welcome Spring

All over Canada, the arrival of spring is welcomed each year with festivals celebrating the re-awakening of nature and a resurgence of vitality.

Four of the most popular are the blossom Festival at Niagara Falls, May 7 to 18; the Ottawa Spring Festival May 16 - 24; the Guelph Spring Festival, April 23-May 9 and the Creston Blossom Festival in British Columbia May 21-24.

The origin of Ottawa's Festival of Spring, formerly the Canadian Tulip Festival, goes back to September 1946, when Queen Juliana of the Netherlands, sent a gift of 20,000 tulip bulbs to Canada as a special 'thank-you' from the dutch people for the role played by Canadian troops in the liberation of Holland during the Second World War.

## Service industries studied

A study will be undertaken to determine the existing local industrial service industry structure and the economic relationship with the manufacturing industry in the Kingston Area.

The program, sponsored by the Ontario Ministry of Industry and Tourism, was announced last week in Kingston.

The tentative timetable calls for the industry survey to be completed by the end of March. The report giving a complete profile of the local industrial service companies will be made available by mid-summer.

This pilot study will be unique in providing basic service industry/manufacturing linkage information. It will assist industrial promotion across the province.

A second pilot study will be made concurrently at Sault Ste. Marie. The project may be expanded to other Ontario communities at a later date.

Consultants for this study were selected from several firms invited to submit proposals. The successful bidder was Indecon consultants of Canada Limited, Don Mills, Ontario.

## Liberals stress decentralization

Stuart Smith, the Liberal Leader in Ontario, told those attending a press conference in Napanee on Friday that one of the key priorities for the Liberal party is the decentralization of development, throughout the province, and away from the Toronto area region.

"It costs substantially more to add 1,000 people to Toronto than it costs to add the same number of people to an area like this," Dr. Smith said.

"This area has great potential for development and it does not consist of prime farmland in the proportions found in the southwest," he said.

Transportation is a key concept in the Liberal scheme for a better Ontario, and Dr. Smith said that the party would stress the development of an improved road and rail system throughout the province to aid development away from the major centres.

Dr. Smith said that he believed the municipalities in the outlying areas needed to be given assistance to provide servicing for more housing and industry.

"Development doesn't have to be on your doorstep to boost the economy of this area," he said. "When industry comes

it brings a construction boom. Houses stores and secondary industry follow. The effects of the money and the growth coming into an area spread for miles around."

At the moment however, the future for the Napanee-Deseronto area looks somewhat gloomy. With the cutbacks anticipated at the Lennox and Addington County General Hospital, and the conclusion of construction on the Lennox Power plant at Bath, as well as the loss of jobs created by the closure of such plants as Ideal Vendors in Deseronto, a major industrial development will be needed to bring the economic level back.

"We cannot sit by and forfeit our domestic food production because of ignorance or procrastination. Our good farmland must stay in production. If we build on this land, we will miss our chance to become a great exporter of food over the next decade. The present government pursues short-term goals," Dr. Smith said.

The future he said depends on long-term land use programs.

## Man to be buried

The body of Alexander Jensen, 60, formerly of Nova Scotia, who died some two months ago in an abandoned house just east of the town here, is to be buried on the Tyendinaga Reserve.

The man is believed to have died of exposure during the very cold weather in January, and a search by police for family members brought no response.

The burial will be on the reserve because the man was found on property within the reserve.

Stuart Smith, the new leader of the Ontario Liberal Party toured parts of Eastern Ontario on Friday, in an attempt to better understand the problems and interests of residents of this part of the province.

## No alcohol in L-A schools

Lennox and Addington County Board of Education trustees have decided that alcohol will not be allowed to be served in the schools for community events.

The decision came after debate was sparked by a request from the Land'O' Lakes Lions Club and the Cloyne Recreation Committee for permission to use the North Addington Education Centre in Cloyne for special functions at

which alcohol could be sold.

Said Gordon Osborne, of Richmond, "I feel that the increase in crime and the increase in vandalism and the increase in drinking all go together; the lives of a few more young people are much more valuable to us than the loss of a little money," adding that he felt it was inappropriate to serve liquor on school premises.

HUGO NEWMAN

## Glass expert ran grocery store

Hugo Newman was for many years the twinkly faced grocer on Dundas Street in Newman's Grocery Store; the man who student's brought their science and mathematics problems to for help; and who took his role as tutor in those cases very seriously.

Most Europeans are accustomed to learning from their elders, and those elders are among the most important teachers in the community.

Although the grocery store is now closed Mr. Newman has a wealth of ideas and stories at his fingertips.

At 79, Mr. Newman has lived in Canada since 1949, when he emigrated from his homeland Czechoslovakia, after working in England. A Chemical Engineer, Mr. Newman had obtained considerable experience working in glass factories in Czechoslovakia, noted throughout the world as one of the centres for glass manufacturing.

Glass manufacturing has been known in Czechoslovakia for centuries and was first known in Bohemia, part of the present-day country. During the early middle ages the making of glass was carried out in the mountains of Bohemia where people began to cut glass to make beads.

During the first years of the eighteenth century the River Reissege birge was harnessed, enabling the growth of engraving, which required

enormous power to carry out the process. By the mid eighteenth century the area was renowned for the great technical skill.

In Bohemia also the technique of enameling gained prominence, and today many collectors have examples of the charming colored work.

Domestic glass has continued to be only one facet of the Czechoslovakian glass industry, and it was into the field of industrial uses of glass that Mr. Newman developed his interest.

While still in Czechoslovakia, he was responsible for the development of a technique which permitted glass tiles to be applied to walls of buildings. The technique is now used all over the world, and there are examples of its application in Belleville, Napanee to name nearby locations and also in the Toronto subway.

During the second world war, Mr. Newman went to England, while the Germans occupied his homeland. During those war years he received a job working as a laborer in a glass factory in England. "It was difficult to get work in England then, because you could only get a job if an Englishman did not apply for the position."

Mr. Newman said that he worked in the factory for some time, and then

Continued on page 2

## L-A hospital gets time

The Lennox and Addington County General Hospital has been granted an extension until May 1, to permit the administration to take more time to bring major budget cutbacks into effect, E.H. Mills, Administrator of the hospital said on Tuesday.

Mr. Mills said the extension has eased the pressure facing the staff to implement the cutbacks considerably, and said that it had been granted as a result of a letter explaining the near impossibility of carrying out the order sent to the Ministry of Health, by Werk Poole, the Chairman of the Board of Directors.

Mr. Mills said that the administration and the Board of Directors was working actively to alter still more the order to close 24 beds at the hospital, more than one third of the total capacity of the hospital.

"We are still very much opposed to the decision of the Ministry," Mr. Mills said, "and we are preparing a brief to take to the Ministry outlining our opposition to the decision, and our reasons for objecting to the cutbacks."

The hospital was filled beyond capacity last week, and Mr. Mills said that during those days the staff

had set up extra beds in the wards to accommodate all the patients. "This happens several times a year," Mr. Mills said, adding that on an average the hospital was filled to 80 percent of its capacity.

He said that he was particularly concerned over the effects that the cutbacks, and hence staff cutbacks would have on the outpatient population at the hospital. He said that the budget reductions would inevitably force staff reductions in the X-Ray department, probably forcing the hospital to turn patients away. This could mean that patients with suspected fractures could be forced to travel almost 30 miles to Kingston to receive X-Ray diagnoses, if the Napanee Hospital was filled to the reduced capacity.

Mr. Mills said that the hospital in Napanee had a particularly large outpatient department and on an average saw 79 patients per day, "higher than most hospitals of this size," he said.

Community opposition to the cutbacks is growing, Mr. Mills said, there was a large response to a petition being circulated by the Hospital Auxiliary, and service clubs, churches and other organizations were adding their support to the anti-cutback moves.

Louise Loader, of Deseronto has been named the new Postmistress.

### Glass expert. . .

Continued from page one  
one day the factory owner called him to his office and told him that it was apparent he was qualified, and put him in charge of the operation of the plant.

Some time after that he was invited to come and set up a factory in Yorkshire, and worked to build the plant up from a tiny operation with only two employees to one employing 350 one and a half years later.

With the end of the war the owner of the Yorkshire factory suggested that he send Mr. Newman to Canada to set up a factory. He accepted the offer, but returned to Czechoslovakia to help rebuild the nation's industry after the devastation of the war.

In 1948 he received a job transfer back to London where he worked selling Czechoslovakian Glass to the

international markets. "We were selling all kinds of glass products, optical glass, sun glasses, cinema screens, even glass eyes, paper weights, marbles and glass bracelets. Our office was doing \$1.5 million of business per day.

However the lure of his own business carried him away, and he came to Canada in 1949. Just a few days later his English associate who had planned to start the business in Canada died, and Mr. Newman and his wife and daughter came to Deseronto where he worked for two years at Canada Optical.

Unfortunately his wife's health was failing, and Mr. Newman chose to work with her, and set up a family business, the grocery store, in which capacity he is best known to Deseronto residents.

Seems like our January Thaw that came in March this year is over for a spell of winter again. It kind of threw our ducks for a loop—a couple started laying and now they've stopped the old goose is laying every other day though.

I know the scientists say that its only the hours of day light that makes the birds lay, but I'm not convinced that the weather don't have some effect as well,

What would be the use of laying eggs that was soon to freeze up before there was a clutch to set on? Then there birds ain't quite as dumb as some would like me to be.

I know that most animals seem to be able to fix their birthdays within reason that is, for the best day. Our sheep always dropped more lambs on the sunny days than on the wintery ones in the spring time.

This year our old Ewe Zoe who we kept around to keep us in spring lamb dropped twins on that nice warm Friday and she weren't rightly due until three days more. Well, three days later it rained real cold and winter-like.

Her predicting is as good as the fellah on the idler box, likely better.

Talk about predicting! had a nice chat with a fellah who knows the who's who of Ottawa and asked him what he thought this Truedo is up to. He

said he thinks that he just don't give a damn.

Claims he walked into the job not really caring that much about weather he got it or no, and it was a surprise to him that he stayed around this long.

Don't think he'll stick it our much longer now that things have changed in his life, what with a stubborn outspoken wife who keeps having her peace with the press.

He says Turner has got his machine lying in hibernation and figures he'll remind them about the oil after the last bid for leadership and put her to work. He had some other talk about the wheels in the wheels but it's the sort of things your aren't put into print.

Life keeps interestin' don't it?

### Woman named Postmistress

Louise Loader, of Deseronto has been appointed the new Postmistress at the Deseronto Post Office.

Mrs. Loader, who has had 17 year of experience in the post office here was one of several applicants for the position.

She had completed an examination administered in Belleville by the Area Postmaster and the Supervising Postmaster from Naponee before being informed of her appointment last week.

There are at present three individuals working in the Deseronto Post Office, Mrs. Cathy Vick, Mrs. Marion Hamilton, and Mrs. Loader.

Beau McAlpine is the only rural carrier to deliver mail from the Deseronto Post Office.

## Happenings

About 160 people helped Rose and Gerald Lawlor of Deseronto to celebrate their silver wedding anniversary, last week.

The celebrations were held at the Deseronto Lions Club Medical Centre Hall and began Saturday afternoon and continued until the early hours

of Sunday Morning.

A light supper was served at about 6 p.m. and then guests were invited to stay for a dance.

Guests came from Elginburg, Pickering, Kitchener, Smiths Falls, Kingston, Napanee, Belleville, Picton and Deseronto.

The Quinte Link Rebekah Lodge No. 390 held its regular meeting on March 11 at the Odd Fellows Hall.

The winner of the 50-50 draw was Mrs. Lorraine Watson, 17 Cone Grass way, Downsview, Ontario.

The Presbyterian Women's Missionary Society and Ladies Aid met at the home of Miss Gladys Pearse, on Tuesday evening March 9.

The president, Mrs. Mabel Moore was in charge of the meeting. Mrs. Kay Hood gave the scripture reading and mission story, about Mary Slessor. Mrs. Moore led in prayer.

Mrs. Dorothy Fresque opened the Ladies Aid portion of the meeting, and read a number of selections.

Mrs. Moore held a bible quiz, and the roll call was answered by offering a scripture verse containing some reference to wind.

The women planned to begin making easter eggs at the home of Mrs. Stella MacMillan. Mrs. Moore thanked Miss Pearse for having the meetings each month in her home.

A small auction was held, proceeds for the mission project, a Yokohama kindergarten.

Mrs. Violet Barbier of Kingston and Mr. and Mrs. Fred Saggash of Peterborough are spending a few days with Mrs. Kay Hood.

Mrs. Dorothy McCullough has returned home after spending a few weeks in Florida.

Mrs. Maude Cochrane celebrated her 80 birthday on Sunday, March 14 at her home in Deseronto.

There were 59 people attending the special meal, and Mrs. Cochrane received telegrams and phone calls from Edmonton, California Michigan and Toronto.

Her eldest son, Irving D. Cochrane G.C. presented Mrs. Cochrane with a family ring, containing 10 stones, one for each of her children.

Two of her daughters had made an enormous birthday cake, which was covered by 80 candles, requiring 5 attempts to blow them all out.

John Cochrane, and his wife Charlotte were responsible for the food.

## Fund for Indian development

The National Indian Arts and Crafts Corporation, which represents thousands of Indian Artists and craftsmen across Canada, is trying to increase the income of Indian artists and craftsmen and create new jobs for hundreds more.

It is hoped, said the president of the organization N.C. Derrickson, that by providing the industry with funds, training management and technical assistance the industry will grow and prosper.

Specifically, "we are concentrating on overcoming marketing difficulties, raw material shortages, inconsistency in quality and lack of working capital in an effort to stimulate the industry to increase the demand for Indian Products and to reduce and stabilize costs thereby raising the dollar return," Mr. Derrickson said.

The National Indian Arts and Crafts Corporation is a non-political federally incorporated body that represents Canadian Indian artists and craftsmen, and sets out objectives and policies for the Arts and Crafts program in co-operation with the Department of Indian and Northern Affairs.

Assistance in the form of funds, training management technical advice and marketing are available to individuals or groups or bands for the development of businesses related to the arts and crafts industry, as long as the project does not qualify for any other support from the Federal or Provincial Government.

Money is available to provide start up costs, capital costs, working

capital and training costs, for the following types of projects: production and sale of crafts, manufacture and commercial distribution of specialized tools or equipment used in craft production, gathering or processing commercial distribution of raw materials, pilot projects to design, manufacture and test the marketability of new products, and training centres to improve skills or management of arts and crafts enterprises.

Anyone interested in applying for assistance of a project must be registered under the Indian Act, and should send information about the project to the Regional Crafts Development Officer, Department of Indian and Northern Affairs, Room 511 Sir Arthur Meighan Building, 55 St. Clair Street East, Toronto, Ontario M4T-2P8. Or call, 416-966-6222.

## Tyendinaga Wins Hockey Tournament

Tyendinaga reigned victorious at the end of a day long inter-reserve hockey tournament held here at the Deseronto District Community Centre on Saturday.

The team came out of the 12 hour round-robin tournament with a total of 26 points, just two points above the St. Regis Team which rounded up 24 points.

Alderville Reserve managed 17 points and Curve Lake made 15 points, while the Golden Lake Team came last with only 6 points.

In the individual game point break down, the following were the scores, Alderville 5- Tyendinaga 6; Curve Lake 12- Golden Lake 1; St. Regis 3 Alderville 1; Tyendinaga 8-Golden Lake 1; Curve Lake 0- St. Regis 6; Golden Lake 2-Alderville 9; Curve Lake 1- Tyendinaga 5; St. Regis 13-Golden Lake 2; Alderville 2- Curve Lake 2; Tyendinaga 2- St. Regis 2.

As winners of the Tournament, Tyendinaga brings to the reserve the Canadian Indian Centre Friendship Trophy,

and are now the South Eastern Regional Champions.

The trophy has been presented for 6 years, and the winners since it was first presented have been, in order, Alderville for two years, 1970, 71-72 Curve Lake 1972-73, St. Regis 1973-74 Curve Lake 1974-75 and Tyendinaga now.

Individual trophies were won by Ernest Mitchell and Dave Jacobs of the St. Regis team for best goalies, the best defenceman was Willie Baber- stock of Tyendinaga and the best Forward was Denny Tompkins also of Tyendinaga.

Convenience Foods--Good and Easy

You'll particularly appreciate having the makings of a variety of quick-cook meals on your shelves when you have little time to shop, and if you are working you will appreciate having to take less time to prepare a meal.

When we all must count pennies, canned, frozen foods and even a prepared dinner can help you save money.

For people living alone, prepared dinners are wonderful.

Try combining your left overs, and dressing them up with onions, celery peppers and herbs to perk up the flavors.

#### Bean Dip

- 1 can pork and beans with tomato sauce
- 1 teaspoon dry mustard
- 1/2 teaspoon chili powder

Combine all ingredients in blender and whirl until smooth, or force through a sieve.

FOR YOUR

**Rawleigh Products**

**Call 354-5359**

MONDAY & TUESDAY ANYTIME

242 John Street, Napanee

Serves 5-6 or provides 1 1/2 cups, and should be served with raw vegetables as a dip.

#### Beef Pot

- 2 tablespoons butter or margarine
- 1/2 cup chopped onion
- 1 clove garlic, finely chopped
- 2 cups cubed cooked beef
- 1 can vegetable soup
- 1/2 cup water

Heat butter in saucepan and cook onion and garlic until softened. Add beef, cook, stirring occasionally until lightly browned.

Add soup and water and heat until bubbling.

Makes 3-4 servings.

#### Creamed Chicken

- 2 tablespoons butter or margarine
- 1/2 cup finely chopped onion
- 1/2 cup chopped celery
- 1 can cream mushroom soup
- 2 cups milk
- 2 cups cubed cooked chicken

Melt butter or margarine in a

saucepan. Cook onion and celery until softened.

Stir in soup and milk. Heat to boiling point. Add chicken, simmer 5 minutes. Serve over toast or waffles, 4 servings.

If larger amount is required, you can use whole cooked chicken, double the amounts of the ingredients. This dish can be made in advance and reheated.

Or cook chicken, then when cool enough to handle, remove skin and slightly cooked celery in cut pieces.

2 cans tomato paste

1 can water

Let simmer for 1/2 hour or longer.

This is also great made ahead, even the night before. Allow the tomato paste sauce to thicken before serving.

If used for the main meal serve with hot mashed potatoes.

#### Crusty Sardines in Tomato Sauce

2 cans sardines in tomato sauce

2 tablespoons water

1 cup packaged stuffing mix

2 tablespoons butter or margarine

Empty sardines into a greased 1 quart casserole, add water, top with stuffing, mix, dot with butter and bake at 375 degrees for 15 to 20 minutes until bubbling and browned.

Makes 4 servings.

## No relaxation Taylor says

Prince Edward Lennox MPP, and Minister of Community and Social Services Minister James Taylor has denied that individual reviews of Children's Aid Society budgets to determine if a society can comply with spending guidelines, by his Ministry, can be interpreted as a relaxation of spending restraints.

Mr. Taylor said that there will not be a general lifting of ceilings, and that the decision to provide special consideration in special circumstances is not an encouragement for the societies to increase their budgets.

However, he said last week that "if it is found that a society cannot maintain the quality and degree of service for the children of this province within the budgetary constraints, then additional funding will be forthcoming to ensure that the children of Ontario are provided for adequately."

## ★ See ★ Hear ★ Meet

the dynamic new youthful leader  
of the Liberal Party in Ontario

**Stuart  
Smith**

at the Hastings-Peterborough Provincial Liberal  
Association Nomination Convention

**Thursday, April 1, 1976**  
CENTRE HASTINGS SECONDARY SCHOOL, MADOC  
**8:00 p.m.**

A Liberal Party candidate to contest the riding of Hastings-Peterborough in the next provincial election will be elected at this meeting.

#### WHO MAY CONTEST THE NOMINATION

A person may be nominated as a candidate to contest the Liberal nomination at the meeting, providing he or she is eligible to vote in the forthcoming election and has notified members of the association officially move and second the said nomination. Nomination procedures may be obtained from Association President, Don Mullan, of Marmora, at 613-472-2138.

#### WHO MAY VOTE

- Any person interested in joining the Liberal Party may vote for the candidate of his or her choice at the meeting providing:
  1. he or she has purchased, and paid for, a \$2. 1976 Hastings-Peterborough Provincial Liberal Association membership card at least 72 hours in advance of the meeting, AND has his or her name and address on file with the association secretary, 755-629-9625, by the deadline time of 8 p.m., Monday, March 29, 1976.
  2. He or she holds a 1975 Hastings-Peterborough Provincial Liberal Association membership card and is listed as a 1975 member in association records, and furnishes it, with \$2, to purchase a new 1976 card at CHSS before 8:30 p.m., Thursday, April 1, 1976.
  3. is actually present at the meeting during the period of voting; no proxy votes are allowed.

ELECTION OF DELEGATES TO THE ANNUAL MEETING OF THE LIBERAL PARTY IN ONTARIO WILL ALSO TAKE PLACE DURING THE MEETING.

### The General Public Is Welcome

to come and meet the fresh new face of Ontario politics, Dr. Stuart Smith, and to watch as party members elect the man or woman who will join Dr. Smith, and the Liberal Party, in offering sound, responsible alternative government to the people of Ontario.

DON MULLAN,  
President

**Liberal** 

WILMA BRADY,  
Secretary

## Dogs may be shot

Wildlife conservation officers have been forced to shoot five domestic pets seize five others and lay half a dozen charges in the past two weeks to protect Eastern Ontario Deer from a growing number of dog attacks.

Forty deer, according to a release from the Ministry of Natural Resources, including many fawns and pregnant does have been run to exhaustion and mangled to death by domestic dogs, ranging from samoyeds to cocker spaniels so far this winter. The Ministry says that 40 were definitely dog kills. Several others were either the work of dogs or coyotes. Other officers say the known kills are probably a fraction of the kills yet to be found in the bush.

That number will skyrocket if owners don't tie up their dogs, and if snow crust conditions don't disappear soon, according to Dave Watton, regional wildlife biologist.

"Our officers try to seize dogs running deer if at all possible, but if we can't get them that way we have no choice but to shoot," Mr. Watton said.

He said a snow crust formed after the recent thaw has created a "disastrous condition" for deer, especially pregnant does.

## Hoax Letters Sent

The Ministry of Labor has warned that hoax letters are being sent out, on the letterhead of a fictitious Canada Council for Commonwealth Relations and of actual governments, over forged signatures, informing the recipients that they have been selected to accommodate a visiting family of Pakistanis coming here on a cultural exchange program.

Bette Stephenson, M.D., the Minister of Labor, and the Minister responsible for the Ontario Human Rights Commission described the contents as intended to be of a derogatory nature to frighten the public about newcomers to this country.

She has urged the public to ignore any letter of the kind described.

# Quinte News Round Up

A Marmora man has started to take steps against the provincial and federal governments, a crown agency

A Marmora man has started to take legal action against the Provincial and Federal Government, the Atomic Energy Control Board, Eldorado Nuclear

Limited and the now extinct Deloro Smelting Company, after radioactive contamination forced him to leave his

home.

The man, Edward Galloway, 53, who is now being treated for cancer, says he is seeking legal action because of the loss of investment on his home and possessions, and to protect his family in the future from the effects of radiation.

A willowdale man, Ray Shier, 31, escaped drowning on the Moira River in Belleville on Sunday, when he was thrown from his canoe into the waters of the river below the Lazier Dam, near College Street.

The canoeist was pulled from the water after successfully navigating Lazier's Dam at Riverside Park, by Ronald Demarest of CFB Trenton, where he is a military policeman.

Mr. Shier was taken to Belleville

General Hospital where he was treated and released.

Defensive driving will be discussed at the next meeting of the Industrial Accident Prevention Association, Nanawee, Kingston and Gananoque section to be held in Nanawee on Thursday. The meeting is to be held in the Lions Club Hall, beginning at 6p.m. Howard Reed, the IAPA supervisor is to be the guest speaker.

The light tender Simcoe which comes up through the Bay of Quinte to break through the ice, arrived at Pictou Harbor on Saturday.

The arrival of the boat is one of the surest signs of the impending spring, and indicates that the ice conditions on the Bay of Quinte have lightened considerably.

As of Monday, the Minimum wage rates were adjusted by the Ministry of Labor.

A minimum wage of \$2.15 per hour is now required for students who are less than 18 years old. This rate may be paid only if the student worked be paid only if the students works less than 28 hours per week, during the school year or is employed during a school vacation. In other circumstances these young students must receive the general minimum wage of \$2.65, effective March 15 1976.

At the same time, a separate minimum rate will be established for workers who serve alcoholic beverages directly to customers, guests, members or patrons in premises licensed under the liquor licence act of Ontario.

The minimum wage that may be paid in this work will be \$2.50 per hour.

The rate is set lower than the general minimum wage in recognition of the substantial tip income received by such workers.

Food stores in Pictou and Hallowell Township are now open on Sundays, after the two municipalities passed by-laws permitting the stores to remain open on Sundays. The decision reverses Provincial Legislation passed in the last session of Parliament.

## If you're making minimum wage, you get a raise this week.

The Minimum Wage rates for Ontario went up on Monday, March 15th. If you are presently earning minimum wage, read the following schedule to find out what your new rate will be.

### New minimum rates

General minimum, hourly .....	\$ 2.65
General learner rate, hourly .....	2.55
(during first month of employment)	
Construction rate, hourly .....	2.90
Guard on construction projects, hourly .....	2.90
Student rate, hourly .....	2.15
(applies to students under 18, who work 28 hours or less per week, or during school holidays)	
Ambulance industry rate:	
a) weekly .....	127.20
b) hourly (less than 48 hrs. a week) .....	2.65

**NEW:** Minimum hourly rate for an employee who serves liquor directly to a customer, guest, member or patron in any place operating under license or permit issued under Liquor License Act. .... \$ 2.50

### New room and board rates

The following maximum rates apply when room and board are used in calculating minimum wage:

a) room .....	(weekly) 11.00
b) meals .....	(each) 1.15 OR (weekly) 24.00
c) both room and meals .....	(weekly) 35.00

## Spring's here sap's running

Clarence Coons, the Forestry Specialist for the Ministry of Natural Resources, Eastern Region, is predicting that more people than ever before, especially city families in search of agricultural nostalgia, will be visiting sugar bushes and maple syrup festivals this spring.

Mr. Coons adds that, "a lot of people seem to be rediscovering maple. It is big business in eastern Ontario. We're the leading producers in the province."

Lanark County leads in Ontario for production of maple products.

Thorald Dupre, who has a sugar bush just outside Nanawake, says that he thinks 1976 may just be the last year that he will be in the business.

During an average year he can produce approximately 130 gallons of syrup but he confides that one of the main reasons he continues to go to the trouble is that there, "isn't anything else to do at this time of the year."

On a farm with a sugar bush the size of Mr. Dupre's, producing sap just doesn't pay. This year the sap began to run very late, and the first day he was able to begin boiling sap was on Monday, March 22. Normally at this stage about one third of the syrup has already been produced.

About 10 years ago he installed a tubing system which automatically collects sap from the trees and delivers it to holding tanks where it is stored underground until it can be boiled into sap.

"The best syrup is produced from really fresh sap," Mr. Dupre said, "that hasn't been boiled too long." Syrup is produced by boiling maple sap until the density reaches about 66 percent and this requires about 30 gallons of sap to produce one gallon of syrup.

The sap run normally starts about the second or third week in March and continues sporadically for a period of four to six weeks, as long as there are freezing temperatures at night and thaws during the day.

In an average year, maple producers in Ontario produce 200 to 300 thousand gallons of maple syrup. The Ontario Maple Syrup Industry is made up of about 2,000 commercial producers, and numerous back-yard operations.

While most syrup producers seek to produce the lightest possible product possible, many consumers are becoming accustomed to the artificial products which are thick and dark in color. Mr. Dupre said that a few years ago he produced the lightest syrup he had ever made, and Nanawake consumers refused to buy it. "They told me they thought it was half-sap," he said.

Darker colored syrup is preferred however, for cooking, as it also has a much stronger flavor. The light colored syrup is milder, and usually served over pancakes, biscuits and ice cream.

Liye Dupre, stokes the enormous fire required to keep the sap boiling.

## New streets by-law soon

Following a report from Councillor Roger Cole, on the status of the new streets by-law, Deseronto Council agreed on Monday that it would try to speed up the return of the by-law from the Ministry of Transportation and Communications.

The by-law has been in Ministry hands for about six weeks. "We

have been working at this for a long time and it seems a shame that the whole thing should be held up now by the Ministry," said Councillor Cole.

He volunteered to call Queen's Park to see how soon the document would be returned for the Council to implement.

## Cut services for unpaid bills: Reeve

The end may be in sight for those with outstanding bills owing to the Deseronto Public Utilities Commission.

Reeve George Lyons reported to Council on Monday that he had visited the Belleville Utilities Commission Office, to inquire about the procedures used to collect delinquent payments.

Reeve Lyons said that the Belleville PUC had no qualms about cutting off services in cases of delinquent payments, and did so with the full knowledge and backing of the health department.

"The only thing they said about cutting off services," the Reeve said "is that we should speak to the customer who is going to be cut off, so they understand what will happen."

He said that he had been advised the most effective way to do this was to deliver the warning in person.

"Belleville had no trouble in collecting overdue bills once service had been cut off," he said. "They told me that if they were offered partial payment, the customer is asked to sign a paper promising that full payment will be made within a specified date, or the power or water would be cut off." continued on page 2

The faces of those attending a special meeting to discuss the proposed zoning by-law for Tyendinaga Township reflect concentration. About 50 people turned out to the information meeting.

## 50 attend Tyendinaga Township information meeting

Tyendinaga Township residents had an opportunity to discuss with the Hastings County Planner, Niall Carney, the new zoning by-law which has been proposed for the Township.

"Without control," said Mr. Carney, "anything can happen in your township. The by-law has been drawn up in the belief that with certain controls on land use, no one will get hurt."

"Without a by-law we cannot prevent having a man see something which lessens the value of his house grow up near-by."

The Tyendinaga Township Council has given first and second reading to the proposed by-law, but chose to present the document to the public

before it was brought to the third reading, so that questions and suggestions

could be dealt with before the by-law was passed. continued on page 7

## Council accepts expense accounts

The Deseronto Town Council approved the payment of an expense account accumulated by the members of the Council who attended the Conference of Rural Ontario Municipalities in February, amounting to \$316.17.

The sum covers the expenses of the four council members who attended only and those who were accompanied by their wives paid for the additional expenses accumulated by their wives.

Mayor Peter Dickinson said that the expense account only covered half

the cost of the room in which he and his wife stayed.

Councillor Bernie Johnson said that he believed there was a great deal of misunderstanding in the town over the attendance at the conference; "anyone who was accompanied by a spouse paid the extra expenses out of his own pocket," Mr. Johnson said, "and I want the people of the town to know that."

"The cost of taking our spouses along was not paid from public funds."

## Dump: Council has no solution yet

Councillor Lynn Tomlinson, of Deseronto will investigate the procedures followed by Napanee to dispose of the town's garbage.

Councillor Tomlinson reported to Council that he had met with Fred Sutcliffe in connection with the closure of the Deseronto Town Dump.

He was advised that the cost of the usage of the Sutcliffe Dump would be based on the size of the vehicle carrying refuse to be dumped.

The large town truck would be charged \$5, a half-ton truck \$2 and a car or trailer would be charged one dollar.

Councillor Tomlinson said that Mr. Sutcliffe had indicated he would be interested in taking over all the garbage of the town of Deseronto.

At the present time, it is costing the town \$15 per week to pay the attendant at the dump, Orville Brant. He has indicated his desire however to give up the position at the end of March.

The town also pays to send equipment to the dump, in order to provide fill to comply with Ministry of the Environment regulations concerning sanitation.

The Ministry is not expected to approve conditions at the Deseronto dump much longer, and it is anticipated that the dump will have to be closed.

Last year it cost the town \$600 to repair tires on the backhoe damaged at the dump site, while digging fill to be used to cover the daily additions of refuse to the dump.

continued on page 5

Niall Carney, the Hastings County Planner makes note of a suggestion made by a resident of Tyndinaga Township at the Public Meeting held Monday to discuss the proposed Zoning By-Law for the area.

## Reeve says cut service

from page one

Mr. Lyons also noted that all the procedures which he described had been outlined in the PUC manual, a copy of which the Deseronto Commission has in its possession.

Mayor Dickinson mentioned once more the problem of tenants not paying bills, and asked whether the landlord could be made liable. Reeve Lyons said that services could be cut off in apartments the same as anywhere else.

"If it means a whole building will be cut off, then when the landlord

comes to the PUC to complain then we can make an agreement with him to be responsible for delinquent bills then."

Mayor Dickinson said that there was still a problem of outstanding bills left behind long ago by tenants who had moved on. "Maybe we are just going to have to write some of the bills off, and start with a clean slate," suggested a member of Council.

## Quinte Old Timers

Helen Tunnicliffe presided at the piano at the March meeting of the Quinte Old Timers, and Vice President Mabel Moon requested a two-minute period of silence in memory of former members, Mrs. Marion Geddes and Norman Armitage.

There is a balance of \$600 in the bank, according to the treasurers report, and Ada Claus welcomed a new member, Alice Johnson to the club.

There is to be a mini-bazar on May 28.

The meeting closed with the singing of Irish songs in honor of St. Patrick's Day.

Elsie Palmer, Social Committee chairman reported the euchre party netted nearly \$60. She announced that there will be a Mini-Bazaar on May 28. Jess Silvers, Floyd Marlin and Jack McEwan were nominated a Sport Committee. The secretary was asked to obtain blank tape cassette tapes and projector reels to supplement equipment owned by the club.

The club would like to thank all those who assisted in the sale and purchase of tickets.

## Lonsdale W.I.

Lonsdale Women's Institute held the March meeting early this month. Mrs. Alan Kerr, the lady director of

the National Farm Women was the guest. Mrs. Kerr gave a talk and showed films on a farm conference she attended, and on her travels in New Zealand and Australia. A question and answer period followed. Mrs. D. Vance thanked the speaker and presented her with a gift. The Roll-Call topic was "A Sunny Side of Farm Life".

Members of Empey Hill W.I., Melrose W.I., and members of the Farmers' Union were also guests at the meeting. Lonsdale members provided a delicious variety of foods for the lunch.

The letter regarding too much violence on TV programs was signed by all present and the letter was mailed.

A Nominating Committee was elected in preparation for the Annual Meeting which will be held next month.

Winners of the last Euchre party were: 1st Ladies, Mrs. Rozalind Mc Guinness, 2nd Ladies, Ann Nash, 1st Gentlemen, Tim Nash, 2nd Gentlemen, Raymond Walsh, lone hand, Mrs. L. McGuiness, and door prize, Mr. J. Bell.

The next Euchre Party will be the last of the season and will be held on March 24th at 8:30 p.m.

## When you save energy you save money.

## This is what Ontario is doing to help you save.

- improving the heating and cooling systems in government buildings (which has already cut some energy bills by as much as 20%);
- finding ways to improve residential natural gas and oil furnace efficiency;
- constructing and testing a totally solar-heated home;
- reclaiming waste materials to produce energy;
- sending an "Energy Bus" throughout Ontario to do on-the-spot analyses for industry (so far, annual energy cost savings averaging 20% have been identified).

Your Ontario Government's goal, by 1980, is to reduce by one-third the growth rate of energy consumption in the province. To achieve that, eleven Ministries of your Government are working together in the Ontario Energy Management Program.

The Program has two objectives — to find ways to help you cut your own energy bill, and to find ways of using your province's energy more efficiently.

Right now, the Program consists of 70 working projects, including:

- testing ways to reduce fuel consumption in automobiles and farm operations;

Practical suggestions on ways you can save energy and money are available from your Ontario Government and from energy-supplying companies.

For more information, write to:

## Council backs Collingwood idea

The Deseronto Town Council passed a motion endorsing a resolution made by the Town of Collingwood, which if accepted by the Ontario Government could reduce the cost of setting up breathalyzer equipment in towns across the province.

At the moment the initial cost of purchasing equipment and training an officer to operate the equipment is approximately \$3,200. For this reason the City and Police Committee has cut the scheme from police budgets several times; forcing the town police to take suspected impaired drivers to Belleville for the breathalyzer test.

The Belleville trips take at least two hours.

The Collingwood motion notes that living quarters are no longer made available for officers attending the course, thus costing the home town the amount of room and board required while the officer is attending the course.

The resolution urges that all training be carried out at the Ontario Police College where the officers-in-training would receive accommodation, at no cost to the town sending the officer.

The resolution noted that, all funds received from fines levied as a result of the breath tests was sent directly to the Province, and none was returned to the town where a driver was apprehended; thus the cost of the tests is borne by individual municipalities, in addition to paying to train officers to operate equipment.

## Bay of Quinte still polluted

Although the International Joint Commission on Great Lakes Water Quality agreed in 1972 to take steps to improve water quality on the great lakes, the third annual report states that the public "perception of the time-table for the clean-up is distorted."

The agreement, which states that "programs... shall be either completed or in the process of implementation by Dec. 31, 1975," but according to the report many people were under the impression that by that date the lakes were to be fully cleaned up. This is not the case.

Control action, notes the report released last week, on some pollutants results in almost immediate effects in the lakes, however the effects of other pollutants take 15 years or more to disappear after their discharge into the lakes is stopped.

The report states that the open waters of Lake Ontario are showing some of the signs of degradation that are evident in Lake Erie. Though the degradation is not as severe as in Erie, the "danger signals will bear close observation in the future."

Surveys in 1974 indicated a larger number of locations with low dissolved oxygen levels than in 1970.

Jack Christie, the Director of the Glenora Fisheries Research Station, located at the opposite end of the Hayward Long Reach from Deseronto, said that researchers had been aware that there had been a serious oxygen depletion in the Bay of Quinte in some areas for some years. He said that in the deepest parts of the Hayward Long Reach, and of the Adolphus Reach the oxygen levels were very low.

Mr. Christie explained that large numbers of algae are produced, nourished by phosphates and sewage. When the algae die, the process of decomposition uses oxygen, and the

dying plants sink to the bottom, using the oxygen from the depths of the water. In extreme cases, the oxygen depletion can cause fish to die.

It is hoped that this year the amount of phosphates in Lake Ontario, and in particular the Bay of Quinte will be greatly reduced, as all the municipalities around the Bay have improved their sewage treatment plants, and added a phosphate reclamation stage. He estimated that about 80 percent of the phosphates will no longer enter the waters of the Bay of Quinte.

Mercury has also been found to contaminate some fish found in local catches on Lake Ontario on occasion. Mr. Christie said that he believed the material could have entered the food chain through colloidal clay, consumed by the lowest members of food chain. He suggested that it could possibly also be carried over the lake and dropped from smoke from factories many miles away. This pollution from a distance through the atmosphere has been blamed for mercury contamination in Sweden, said to be originating from smoke from British factories.

The IJC cautions that economic pressures may cause governments to reduce their efforts towards cleaning up the waters of the Great Lakes,

## Flowers sent

The Deseronto Town Council is sending a bouquet of flowers to Dr. Daniel McVicker who is still a patient in the Belleville General Hospital.

Dr. McVicker who practised medicine in the town for many years, took an active role in the community, and council decided to send the flowers in recognition of his contribution, and the town's appreciation.

## No room for dogs

The Napanee Community Animal Shelter Association has informed the Deseronto Police and Fire Committee which is in charge of Dog Control, that the Shelter is not large enough to take on the burden of Deseronto dogs on a permanent basis.

The Fire and Police Committee has not given up hope that eventually an agreement can be reached with the Shelter, and in the meantime will continue to take animals to the Napanee facilities.

Clerk-Treasurer of Deseronto, Sam Knapp has been authorized in the meantime to pay the temporary dog catcher the sum of \$100, for having caught 20 dogs, during the period of Feb. 16 to March 19.

In addition, Mr. Knapp will continue to make regular payments to Wayne Brant, the temporary dog catcher, every time he presents a certificate from the Napanee Shelter after turning in an animal there.

BUILDING

and RENOVATIONS

396-2342

Deseronto, Ontario.

"Phil" O'Coin

# helen harmer's homemakers corner

Here are some tempting breads and cakes to tempt your family with.

## Elvis Presley Cake

2 cups brown sugar  
1 cup rolled oats  
2 cup butter

Pour 1 cup boiling water over the above ingredients and let stand for 20 minutes.

Add:

2 eggs beaten  
2 tsp allspice  
1 cup flour  
1 tsp cinnamon 1/2 tsp baking soda  
2 cup chopped dates  
2 cup chopped walnuts

combine ingredients and bake in greased pan in 350 degree oven for 35 to 40 minutes.

## Banana Nut Bread

1 cup sugar  
2 eggs 4 tsp sour milk  
1 tsp soda  
2 cup margarine  
3/4 cup mashed bananas  
2 cups flour  
1 cup chopped nuts  
Cream sugar and margarine, add eggs flour, soda and mix.

Add nuts, bananas and sour milk.

Mix well

Bake about 1 hour in slow oven, 350 degrees

Use loaf pan.

## Nut Bread

2 cups flour  
3 tbsps  
3 tbsps baking powder  
1 tsp salt  
1/2 cup sugar  
1 egg  
2 tablespoons melted shortening  
1 cup walnuts  
sift flour, add baking powder, salt and sugar.

Add walnuts, beat egg, add milk and shortening.

Pour into greased loaf pan 10 1/2 X 4 1/2 inches deep.

Allow to stand 20 minutes.

Bake 350 degrees for 45 minutes.

## Cherry Oat Crumble

3/4 cup brown sugar  
1 cup oatmeal  
3/4 tsp nutmeg  
1/3 cup butter

20 oz. can cherry pie filling

1 cup flour

3/4 tsp cinnamon

1 tsp salt

1 tsp vanilla

Mix first 8 ingredients together.

Put in pan, top with can of cherries.

Bake 20 minutes at 375 degrees.

Cut in squares.

## Pumpkin Loaf

1 cup shortening  
2 eggs  
1 tsp baking powder  
2 1/3 cups flour  
1 tsp ginger  
1 cup chopped dates or raisins  
1 3/4 cups sugar  
14 oz. can pumpkin  
1 1/2 tsp baking soda  
3/4 tsp cinnamon  
1 tsp salt  
1 cup chopped nuts

Put flour, baking powder, salt in a bowl; add raisins and nuts, combine with egg.

Add all other ingredients. Mix well

Bake 350 degrees for 1 hour.

Makes 2 good size loaves and can be frozen.

Finally here is a special, pretty cake to tie to prepare for your afternoon tea guests, or offer a game of cards.

## Broken Glass Cake

3 packages Jell-O, one orange, one cherry and one lime  
Dissolve each in 1 1/2 cups of boiling water and set in separate flat cake pans to set overnight. Will be cut into sized pieces later.

Dissolve one envelope of gelatin in 1/2 cup water.

Boil 1 cup pineapple juice for 5 minutes.

Add gelatin to juice, stir, set aside to cool, but not set.

Crush 18 graham wafers, add 1/2 cup brown sugar, 2 cup butter or margarine. Line a large cake pan with wafer mixture.

Whip 1 pint of cream, add 3 tablespoons of sugar and 1/2 tsp almond flavoring. Combine with pineapple juice and fold it in with cut up pieces of Jell-O. Pour the entire mixture into the lined pan and store in refrigerator overnight. Cut into servings the day of your tea.

## Energy program is introduced

The Ontario Government has instituted a wide-ranging Energy Management Program designed to provide operational and management assistance to all sectors of the Province's economy.

A total of 11 Government Ministries are involved in the EMP; 70 individual projects are being undertaken to determine practical ways of reducing the Province's overall energy bill by about \$1 billion per year by 1980.

The Ministry of Energy's role is to co-ordinate the Energy Management Program and act as its catalyst to ensure positive, continuing action by government, industry and the public to implement better energy management techniques.

"The cost of energy to the provincial economy will exceed \$5 billion this year. With shortfalls in supplies of Canadian produced oil predicted to occur by the early 1980s, and before that for domestic natural gas, the need for energy conservation is apparent," says Energy Minister Dennis Timbrell.

The program is designed to provide assistance through projects and demonstrations based on practical and proved applications of energy saving techniques.

The objective of the EMP is to reduce the growth rate in energy consumption in Ontario by one third.

## Dump may close

from page 2

Council also agreed to see if Mr. Brant would be willing to continue his services at the dump for a month until a solution is found.

Mr. Tomlinson said that if the town continued to operate this dump, then the town would soon have to begin purchasing fill to provide the required number of inches of cover for the garbage.

Mayor Peter Dickinson suggested that any person wishing to dump at the Deseronto Dump might be charged \$1, thus providing funds with which to operate the dump, and most likely pay the attendant.

At present Deseronto residents are not required to pay anything, but the Mayor said that he could not believe all the garbage in the dump had been generated in the town.

"I think there must be people from all around, dumping their garbage there," he said.

### SPECIAL NOTICES

#### HOLIDAYS

Leo Palmer's Barber Shop will be CLOSED from March 29 to April 20.

### IN MEMORIAM

In loving memory of my dear father, Loren Foster who passed away 2 years ago, April 10, 1974.

"The golden gate stood open,  
Just two years ago today,  
With farewell left unspoken,  
He quietly slipped away.  
He suffered much in silence,  
His spirit did not bend.  
He faced his pain with courage,  
Until the very end.  
He tried so hard to stay with us,  
His fight was all in vain,  
God took him to his loving home,  
And freed him from all pain."

Always remembered by Daughter Shirley Hill in Calgary, Alberta.

## Minister unveils student program

Health and Welfare Minister Marc Lalonde recently announced details on two student employment programs to be undertaken by his department during the summer. As part of the federal government's Student Summer Employment and Activities Program -SSEAP '76 - approximately 510 students will be hired at a cost of \$1,177,000.

The Health Activities Summer Employment Program for Students will provide jobs for about 300 post-secondary students of health and other disciplines needed in the health field. The project is a program of the Health Programs Branch of the Department of National Health and Welfare administered with the assistance of the Canadian Public Health Association. It offers financial assistance to voluntary health and health-related organizations administering summer projects.

Students should apply to Canada Student Manpower Centres. Voluntary organizations will be required to contact these centres to obtain candidates for projects.

Voluntary health and health related organizations may obtain additional information and project application forms from Canadian Public Health Association offices in Halifax, St-Laurent, P.Q.; Ottawa; Saskatoon; Vancouver and Yellowknife.

Another program, the Support to Community Agencies Program (Non Medical Use of Drugs) provides support to community groups or organizations involved directly or indirectly with drug, alcohol and tobacco related problems. It will offer summer employment for 210 students through direct services to selected clientele in the community and information gathering an attitudes to and patterns of use of chemical substances.

Depending on the type of project application may be made either by students or by community social service agencies which hire student workers.

The program is administered by the regional offices of the Non-Medical Use of Drugs Directorate located in Halifax, Montreal, Toronto, Winnipeg and Vancouver.

MONDAY & FRIDAY MORNINGS

A work crew from the town was out on Monday filling potholes on Deseronto's Main Street.

## 50 attend information meeting

from page one

Basically, the by-law, which received no serious objections at the meeting on Monday, has given a designation to all land in Tyendinaga Township of one of three classifications; Prime Agricultural Land, Rural Land and Environmental or Hazard Land.

Prime Agricultural Land, Mr. Carney explained is good farm land, capable of producing food. "The basic idea here was debated at length by the County Planning Board, and it was felt that food growing land should be kept for the purpose of growing food. If it is sold for housing, it is lost forever."

Land designated as Rural is land which may be developed, provided the land meets the standards set down by the Ministry of the Environment.

Land designated Environmental, is not suitable for building, because it has been found to be too marshy, on a steep slope or too rocky. The land here may be developed for any use not requiring a building.

Mr. Carney said that his office recognized that the maps from which the designations were drawn up in places inaccurate, and assured those attending the meeting that if a land owner wished to develop land, the planning office would go and inspect individual sites to see if they were suitable for development.

Mr. Carney explained that the original maps had been produced from information gathered by the Province of Ontario and the Government of Canada land and soil surveys, and had been compiled for the planning

board by a firm of consultants.

"When you work out the cost of the studies, it comes to something like seven cents per acre, and you can't do too much with that," he said.

One Township resident asked why the owners of Prime Agricultural Land should in effect be penalized for owning productive land, by not permitting them to sell lots in order to earn retirement incomes.

"It is unfair however you look at it," said Mr. Carney. "It seems ridiculous that a man owning 100 acres of bush and rocks, for which he pays only \$40 of taxes finds himself with a piece of land which could be worth \$100,000, while the farmer who owns food producing land, pays \$400 per year in taxes has in the end only worth \$40,000."

He suggested that the solution went beyond planning, to the realm of market returns, "as soon as the farmer receives fair market returns, then he will have people at his door asking to be able to buy shares in his business which is making money; and then farmland will be worth what it ought to be worth."

Copies of the by-law can be seen at the Tyendinaga Township Office at Melrose. Before it is passed into law, a copy of the document will be mailed to every rate payer, who then will have the option to voice any objections to the Ontario Municipal Board.

If there is one single complaint, the Ontario Municipal Board is obliged to hold a hearing to discuss the matter, and the conclusion of the Board will be included in the final document as an amendment.

## Quinte News Round Up

The provincial government's decision to cut the number of beds in use at the Lennox and Addington County General Hospital is still meeting opposition from the staff of the hospital.

Dr. R.A. McLelland, president of the staff spoke to the annual meeting of the hospital board recently and said that the cut would cause some of the hospital services to be suspended.

The size of the cut in proportion to the size of the hospital is so great that it will not be possible to continue to provide the same range of services, he said.

Dr. McLelland stated that the 24

bed cut will certainly end obstetrical care in Napanee, which will eliminate 11 beds, leaving 13 more to be cut from the medical and surgical wards.

The hospital staff are unanimous in their resolve to take all possible steps to have the decision reversed.

Hastings County Board of Education held a public meeting last week, to determine how to cut the cost of education in the County. The meet

ing was attended by about 65 persons, one of the largest groups attracted to the public meetings to discuss proposed tax increases to offset the cuts in provincial government funding this year.

When the crowd was asked if they were satisfied with the system of education, they were unanimous in answering no. They were also not willing to pay more in taxes to keep the same services.

Comments by members of the audience were particularly directed at the teachers and their salaries.

Trustee Bob Ord said that the salaries of the teachers make up about 70 per cent of the total board budget.

Ernie Shipton, principal of Maitland Secondary School said that if the public is willing to accept the consequences of a reduced budget, then that is the decision the trustees will make.

Toronto - Eight new grants to Hastings County projects ranging from up to \$20,000 to the Batavia Ski Club to establish three new ski trails to \$300 to the Brunswick Belleville Bowling League to purchase trophies, have been approved from the proceeds of the Ontario Lottery.

Culture and Recreation Minister Robert Welch said today's list of grants which totals \$41, 813 is part of the continuing Share Winterio programme to support cultural and recreational facilities throughout Ontario. To date, the ministry has announced \$23.2 million for more than 790 projects and groups in the province.

In addition to the ski club grant and the bowling funds, Mr. Welch said William Logan Culp of Shannanville is to receive a grant of \$7,750 to provide a summer tent theatre festival in celebration of the Olympics. The festival will be held on Zwick's Island in Belleville.

The Kiwanis Club of Quinte in Belleville is to receive \$5,000 to assist in the costs of swimming programmes for the handicapped and underprivileged of the area.

The Belleville Public Library Board will receive a grant of \$3,800 to assist in the purchase of large print books, talking books and cassette recorders for the handicapped of the community.

Paul Barrett of Belleville is to receive a grant of \$1,600 to assist in weight training expenses for the 1976 Olympics.

The Corporation of the Village of Tweed is eligible for a grant up to \$2,860 to construct an addition to the Tweed-Hungerford Community Centre.

A grant of \$500 is being made to the Stirling Public Library. The funds will be used to increase the library's collection of Canadian books.

The office of Clarke T. Rollins, M.P.P., Hastings-Peterborough, recently announced that the Lower Trent Conservation Authority is to receive a grant for the King's Mill Conservation Area.

The grant was awarded under the Conservation Authorities Act, and amounts to a sum of \$3,750.

Mr. Rollins office also announced that the contract for Highway 127 has been awarded to the H.J. McFarland Construction Company of Pictou.

The contract is for hot mix paving on Highway 127 from Lake St. Peter northerly to Highway 60, a distance of 16.8 miles.

Work on the project is scheduled to begin in May, 1976 with completion set for late summer 1976.

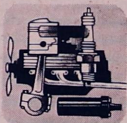

The cost of the contract is \$239,968. \$239,968.

Clair Rupnow, the principal of Queen Victoria public school in Belleville recently presented his idea for a Quinte Zoo to the city parks board.

The project, as proposed by Mr. Rupnow would have modest beginnings with a small zoo inhabited by wild-life indigenous to the Quinte area. The zoo, he said, would be a local recreational attraction, boost the tourist trade and be educational into the bargain.

The board received Mr. Rupnow's plan with interest, though the parks department staff cautioned that a suitable site would be difficult to find. Its suggestion was that the Maitland River Conservation Authority should be approached with the idea of locating the project in the still-to-be-developed Quinte Conservation Area west of Belleville.

## Illegal fishing not local problem: Officer

The provincial government is planning a crackdown illegal commercial fishing practices in Lake Erie after what has been termed years of "half hearted law enforcement."

Leo Bernier, the Minister of Natural Resources said on Sunday that he has told "some fishermen that there will be some very strong corrective measures taken" as part of the crackdown intended to protect the Lake Erie Fisheries.

According to a report in the Globe and Mail a major concern of the ministry has been the taking of undersized perch and walleye or yellow pickerel during the closed season.

"This is a very controversial subject," said Frank Taylor, Fisheries Management Officer for the Department of Natural Resources, in Niagara. Mr. Taylor said that the taking of undersized fish in Lake Ontario was not a problem because net mesh sizes are regulated, preventing the catching of fish below a certain size.

According to a Ministry document which was released on Monday by the NDP, the Ministry has been treading softly on commercial fishing problems.

Following the resignation of a Ministry conservation officer from Chatham in protest of a lack of support for his job from provincial fish and wildlife policies, noting, "several serious violations have occurred and others have been reported in which I begged for suitable assistance, particularly from the administrative levels, so that our supervisors might get a basic understanding of the problems," he complained.

Deputy Minister Keith Reynolds replied that "some of the problems you note are complex social issues related to resource exploitation and are not necessarily solved or improved by a stricter level of enforcement... some of the policies must be reviewed and rationalized in the light of conditions today."

A report written by a Ministry biologist in London Ontario noted that enforcement of commercial fishing laws on Lake Erie had been "half-hearted" adding that officers trying to enforce the laws got into trouble with the fishermen and were unable to obtain convictions in court, finding it was easier to crack down on sport fishermen than commercial fishermen.

Mr. Taylor said that a conviction for a commercial fisherman could mean the loss of the fishing license, and hence the means of livelihood. He declined to say whether he felt such a stringent law discouraged crackdowns in the past.

He said that the Lake Erie Fishery was the largest in Ontario, larger than that on Lake Ontario. He said that he understood that Ministry Officers had many problems policing the catch on Lake Erie, "they have to sample tons of fish to determine the percentage of undersized fish," he said, adding that

Continued on page 2

The arena in Deseronto was busy last week as youngsters took advantage of ice time before the activities of the season come to a close in the next few weeks.

## Community Centre completes season

By Jack Layfield, Director Recreation and Community Centre

On Saturday, March 27, 1976, the Deseronto District Minor Hockey Committee concluded its first full season of operation.

And what a successful season it was, particularly in view of the fact only one short year ago there was no organizing body yet established to operate a Minor Hockey system in the Deseronto District.

With a new Community Centre taking shape in early 1975, it was imperative that plans be formulated to organize, and operate a Minor Hockey System for the district. The district is to include residents of Sophiasburgh Township, Tyendinago Reserve, Tyendinago Township, Richmond Township and the Town of Deseronto.

Dennis Layfield, a 20 year resident of Deseronto accepted the challenge and immediately began to assemble an executive committee. Vice-Chairman Wayne (Cubby) Brant, House League Chairman, Clayton Moon, and members Dennis Vick, Derek Gordanier, Bob Lighthowler, Lester Brant, Wayne Cassidy, Willie Babenstock and Doug Green agreed to take on the responsibility of rounding up the additional workers required to coach, manage teams, referee, look after equipment and draft playing rules.

A total of 220 boys and girls registered to form a total of 17 teams, including OMHA travelling teams in the Pee Wee Bantam and Midget divisions.

Some 512,000 of ice time was consumed in the following 25 weeks to complete House League schedules and play-offs, as well as OMHA games and practise time.

With true costs of approximately \$75 per boy or girl to participate in a minor hockey system, many youngsters would be deprived of the opportunity. Registration fees were set at \$15 with an additional fee for those from the surrounding townships

Several fund-raising events followed in which the committee raised a total of \$7,002.04 to help finance the years activities.

Although badly in need of funds for

their own operation, the committee unanimously agreed to donate \$1,000 to the community centre for renovations and improvements to the first-aid room.

## Canadiana books for library

Heather Granatstein, the Deseronto Public Librarian, has announced that the library has received a collection of new books to add to the Canadiana Section of the library.

The following books have arrived:  
The Book of Canadian Antiques: edited by Donald Blake Webster  
Railways of Canada: by Nick and Helma Mika  
Kington: Celebrate this city: by Joan Finnegan, and illustrated by F.C. Johnson, of Picton.  
Historical Atlas of Hastings and Prince Edward Counties: Belden  
Postage Stamp History of Canada: Victor Seary  
All About Ontario Chairs: Elizabeth Ingalsrud  
Fresh Water Fishes of Canada: Scott & Crausman  
Genesis: an Indian Girlhood: Jane Willis

The Speaking Earth: Canadian Poetry edited by John Metcalfe  
The Slaves of my Childhood: Carlo Italiano. (a picture book for children)  
Mrs. Granatstein said on Monday that the library display would be changed this week, to a display of handmade Canadian silver jewellery, some of it made in the Quinte Area.

She said that the story hour was proving very successful, and said that in five weeks attendance at the weekly hour-long session had more than tripled.

The story hour is held every Friday afternoon, from 1.30 to 2.30 p.m., and during that time youngsters are read stories and poetry, play puppets and have an opportunity to draw and color about what they have read that day.

The program will continue until the end of the school year.

By Ginger, I did get old heck after last week's scanner came. Elma was after me some hot under the collar for writing things like that about Mrs. Smith and it wasn't until I got the newsy editor to tell her in person that it was a typographical error that changed election to that other word that she simmered down.

The editor said something about freedom slips, but I don't know nothing about women's underwear and I don't know how that would change the type anyhow.

Well, you learn something every day about and around animals. Decided that there was too many of them free loading oversexed young roosters around so I killed all of them that were big enough but our old walnut comb and a fine young rose comb. You know, them bantam hens up and stopped laying eggs for two weeks. I must have miscombulated their flock set up and they just crossed their legs and went on strike until they got re-organized.

I got some barred rock eggs from a fellah down the road and have them under a bantam hen now. It should prove interesting to see how they turned out cause he bought the hens as chicks from a hatchery and has the damnest time with the birds.

They wander about in a half daze, why he even has to put them up on the roost

## Senior housing project to start

James Taylor, the MPP for Prince-Edward Lennox has announced that construction of a new Ontario Housing Corporation 46-unit senior citizens complex in Napanee is expected to be completed by November 1976.

The two-storey building is to be located beside the Lennox Home for the aged, and will be rented at prices which will be geared to income.

Mr. Taylor announced that another 60 unit building has been proposed by OHC for Camden Road, north of the Lennox and Addington County Board of Education.

This is expected to get underway soon, to be completed in the early months of 1977.

at night. I claims its cause they were hatched in a machine and didn't have a mom to talk to them while they were in the eggs. We'll see when our old bantam hatches these out and brings them up proper out scratching in the field.

These nice days its grand to see the lambs bouncing around on their spring loaded legs and discovering green growing things to nibble. The pair we got in the barn field have made up a new game, they get a duck running between them and chase it for a bit and then bounce it one on each side just touching its wing tips. They looked right confused the other day when they tried this on one of the young ducks and she up and flew away on them.

Meanwhile, there mam Zoe just solidly munches her around the field unless the dog happens to get too close to her lambs and then she perks up.

She caught him the other day un-awares like and bunted him; usually he keeps a more wary eye out.

Spring and the animals sure is living

## Illegal fishing not problem...

continued from page one

on Lake Erie mesh sizes were not limited as they are for Lake Ontario Fishermen.

Mr. Taylor said that there were five field officers involved in supervision management and law enforcement of fishing and hunting activities in 31 townships stretching from Gananoque to Port Hope. He said that within that area there were approximately 160 commercial fishermen, and within that group fishermen were very co-operative.

He said that every year there were some who contravened the law, by

catching fish out of season or by methods not approved by law.

"We are concerned that the fish population remains balanced, and that is the reason there are restrictions and regulations," Mr. Taylor said.

Commercial fishermen use hoop nets, gill nets, seine nets, hook lines to take rock bass, sunfish, eels, channel cat fish, carp, bull heads, smelts, yellow pickerel and northern pike from the lake.

# Happenings

The Tyendinaga Senior Citizen's Club No. 503 meets every Thursday, although some meetings had to be cancelled during the winter.

Public card parties are now being held every two weeks on Tuesday evenings at 8 p.m.

The club is planning a corn soup supper with extra food on April 3, which is open to the public.

A birthday was celebrated for Mrs. Cora Green. Some of her family brought a nice birthday cake and the birthday song was sung by the members.

Vellis Maracle, the president who has been ill is much better and back

fulfilling her office. It is hoped that her health continues.

Several friends and neighbours called on Jim Waterbury on the occasion of his 80 birthday on Sunday.

Mr. and Mrs. Alton Knapp of Watertown called on Mrs. Lottie Anderson on Monday.

Mr. and Mrs. Don MacMillan attended the wedding of Stephen Barkley and Elaine Andress at Odesa on Saturday. And Great granddaughter of Mr. and Stephen is the great nephew of Mrs. Mac-

Millan.

Lisa Jane Flander, baby daughter of Debbie and Howard Flander, was baptized Sunday, March 21, 1976 in St. Andrew's Presbyterian Church, Trenton, Ont., by Rev. Douglas A. Wilson. Lisa Jane is granddaughter of Mr. and Mrs. Jack Westall Jr. Mrs. Jack Westall Sr., Great niece of Mrs. June Thompson, Deseronto, all of whom attended the service. A buffet lunch was served at the home of her parents, including the top layer of Debbie and Howard's wedding cake. A delightful afternoon was enjoyed by all.

# Obituary

HICKS, Percy Norman - at Lennox and Addington General Hospital, Napanee, Tuesday, March 23, 1976. Percy Norman Hicks, 125 Centre Street, Deseronto, in his 68th year. Beloved husband of Mary Norton, dear father of Carl Hicks of Picton, Laverne and Melvin of Belleville, Allan of Edmonton, Alberta, Helen, Mrs. G. Wainough, Peterborough. Brother of Clarence, Bloomfield, Clare of Concession, Thelma, Mrs. McFadden, Phyllis, Mrs. J. McCullough, North Bay and Ruth, Mrs. A. Carter, Trenton. Also survived by 13 grandchildren and eight great grandchildren. Mr. Hicks resided at Hicks Funeral Home, 2 Centre Street, Picton. Funeral service was Friday, March 26, 1976 at 2 p.m. Rev. Robert Jones officiating. Temporary entombment Glenwood Cemetery vault with Interment Universalist Cemetery, Bloomfield, later. A Royal Canadian Legion No. 78 service was held Thursday evening at 7:30 p.m.

MARACLE - Sarah Jane, passed away on March 17, 1976 at the Belleville General Hospital after an illness of six months duration. She was 83.

Mrs. Maracle was the widow of David Peter Maracle and the daughter of the late Abram Maracle and the late Sarah Brant. She was born on the Tyendinaga reserve and had lived her entire life in the area.

She had three children, Mrs. Vera Maracle, Bayshore Rd. RR 1 Deseronto William Leonard Maracle, Mill Town Ontario, and the late Mrs. Lena Green.

She is survived by 14 grandchildren, and 33 great-grandchildren.

A member of Christ Church, her funeral was held on March 20, 1976 from the White and Morris Funeral Home and Christ Church, and was directed by Rev. Cyril Betts and Rev. Fred Futers.

The Pall-bearers were her grandson's Wayne Maracle, Ronald Maracle, Anne Maracle Wilfred Maracle, and great-grandchildren Alan Maracle, Jack Maracle and Kevin Brant, and the flower bearers were Glen and Tim Maracle.

Mrs. Maracle was buried in the Christ Church Cemetery.

Boy Scouts, Cubs, Girl Guides and Brownies held a skating party last week during the holiday from school. The event was one of the last of the season to be held in the Deseronto and District Community Centre.

## CAS Director queries Taylor's meaning

Malcolm MacFarlane, the Director of the Napanee Children's Aid Society has questioned conflicting statements made by the Minister of Community and Social Services, James Taylor on the budget cutbacks outlined by his Ministry.

Referring to a speech made in Toronto recently, Mr. MacFarlane said, "I find it hard to understand what he really means... at a meeting in Belleville last month he was asked specifically if there would be any exceptions to the restraint ruling, which stated that no CAS would be allowed to increase its budget by more than 5.5 percent, and Mr. Taylor said very clearly then, that there would be no exceptions at all."

Mr. MacFarlane complained, however, that in his Toronto speech Mr. Taylor told his audience that he had "instructed my staff to review each budget on an individual basis. If it is found that a society cannot maintain the quality and degree of service for the children of this province within the budgetary constraints,

then additional funding will be forthcoming to ensure that the children are provided for adequately."

Noting that the Lennox and Addington CAS was doing its best to stay within the budget line, Mr. MacFarlane said he hoped the Ministry of Community and Social Services would allow an exception if they were unable to meet the line.

"We don't need his approval for the purchase of the home, but we don't yet have his approval for our budgeting for the operation of it. We have his verbal approval, but nothing in writing. When we asked him directly he said he would

do something about it, but he has hemmed and hedged on it so much that we don't know where he stands anymore."

Mr. MacFarlane was referring to a "group home" to be used as a residence and treatment centre for up to six boys who would have previously been sent to training school before the changes in the training school act.

The Lennox and Addington County Council has agreed to lend money for the purchase of the home, but the Ministry has not agreed to allow financing to support the operation of the home.

## Artsfest '76

April 9 is the first day of "Artsfest '76" a week of art, music and theatre combining the talents of people living within the Quinte area, and co-ordinated and organized by the Quinte Arts Council.

Originally presented in 1967 to present a Centennial program the idea quickly caught on.

On April 9, there will be an opening at the Carby Public Library, and the drama Clubs from Trenton High School, Centennial Secondary School and Quinte Secondary School will perform that night in the Belleville Collegiate Auditorium.

On April 10, 11, the Quinte Dance centre will perform "Ballet Antice '76" at the Trenton High School and Centennial Secondary School.

There will be concerts by the Sounding Brass and voices, directed by Jack Green, with the barbershop singing group, the Trentones, on April 14 at Centennial Secondary School.

The Trenton Citizen's Band will perform at the Trenton High School April 22, and the Eastern Ontario Concert Orchestra will give a concert April 18.

The Belleville Theatre Guild will present the Subject was Roses, April 28 to May 1 and May 5-8 at the Pinnacle Playhouse.

For children, the Prince Edward Youth Theatre will present "Clown", May 1 at the Carby Public Library at 2p.m.

# helen harmer's homemakers corner

Serve your family one of these unusual beverages for a change when they come in.

- Apple Honey Tea
- 1-12 oz. frozen apple cider
- 2 tablespoons instant tea powder
- 1 tablespoon honey
- 2 pin cinnamon

In a medium saucepan, re-constitute apple cider according to the directions on the can.

Add instant tea powder, honey and cinnamon.

Stir to blend. Heat to taste.  
Makes 1 1/2 quarts.

## Spicy Orange Tea

- Serves 4-5
- 10 whole cloves
- 1 stick cinnamon, broken
- 1/3 cup honey
- 1 cup orange juice
- 4 tea bags
- Aromatic bitters

Combine 1 cup water, cloves, and cinnamon, combine 1 cup water, cloves and the simmer, covered for about 10 minutes. Add honey, one cup water and orange juice, bring to a boil.

Remove from heat, add tea bags, let the mixture steep, covered, for 5 minutes. Remove tea bags and spices.  
Dash in bitters to taste.  
Serve in cups with quartered orange slices.

## Helen's Hints

To keep scalding milk from scorching, rinse the pan with hot water before using.

To moisten brown sugar which has already hardened, place a piece of apple in the jar with the sugar, or a piece of fresh bread in with the sugar. Cover tightly.

To make a smooth thickening of flour, and water for gravy, etc., place in empty jar, put lid on tight, shake well.

To remove odours from jars and bottles pour a solution of water and dry mustard into them and let stand several hours.

Wash and rinse in hot water.

Also when storing jars, tear small pieces of newspaper, put inside and can prevent picking time, or to use for any other purposes.

To keep a bowl from slipping on a work surface, place it on a folded wet towel.

To test heat of a griddle, place a few drops of water on a griddle and if water scatters, it is hot enough to brown food.

To prevent meringue on pies from shrinking, spread meringue on filling so it touches the sides of pastry all around all round the edge, bake 15-20 minutes in a slow oven, (225 degrees F.)

# Hydro announces construction delay

Norman Manning, the Public Relations Director for Ontario Hydro for the Quinte Area has announced that the construction of the 230,000 volt transmission line to serve Prince Edward County has been deferred until 1980.

The deferment, says Mr. Manning comes as a direct result of the cutbacks on spending placed on Ontario Hydro.

It was estimated that the project would cost approximately \$9 million, to supplement what hydro says is the deficient hydro supply in the County.

The line is to cross through North Fredrickburgh Township, then will cross the Hayward Long Reach, opposite Deseronto, through a submarine cable emerging at Green point, where it will then be directed through Sophiasburgh Township to a transforming station on County Road 5, just north of Elmbrook.

Originally the line was to cross the Long Reach on overhead towers, but objections raised by residents and a group calling itself the "Save Our Bay" committee succeeded in causing Hydro to change its proposal.

The cable will be one of the longest installed by Ontario Hydro.

In spite of the announced delay, Hydro is continuing to acquire land for the line along the route, and meetings with property owners will be held during the first two weeks in April.

The power line will require a corridor 110 feet wide, and the lines will be strung over towers spaced 800 feet apart.

Farmers may continue to work land located underneath and around the lines, but Hydro does not permit the construction of buildings under them.

Hydro will obtain the easement from each property owner involved by expropriation if necessary. Owners may sell their land outright to Hydro if they wish, but would retain rights to the land sold in this case.

# Community Centre

Continued from page one

Some 35 to 50 dedicated and committed workers were recruited, and turned out regularly to coach referee, look after equipment and make sure the program was operating smoothly.

Probably as many, if not more behind the scene workers, particularly the wives of the workers were instrumental in guaranteeing a successful finish to the first year's operation.

Watching the final play-off games, the presentation of trophies and awards, individual and team photo's being taken and above all the young participants enjoying lunch and other treats in the community centre hall on Saturday, the spectators were witnessing the results of true community involvement in action.

The Deseronto District Minor Hockey Committee, along with the many willing workers can indeed be proud of the accomplishments in the 1975-76 season, and for establishing a sound organizational base from which to expand and improve in the future.

They can also be extremely proud of a program that achieved success without the need of direct support by the taxpayers of the community.

For the 1976-77 season, the committee is projecting a substantial increase in league registration. With continued interest and support from within the district coupled with the strength already apparent from within the organization itself, there is no doubt the next season will be an even greater success than the one just closing.

# Look for rodent damage

The Ministry of Agriculture and Food has cautioned gardeners to get out to look at fruit trees and shrubs to see if they have been injured by meadow mice or rabbits.

Professor C.B. Kelly, of the Ontario Agricultural College, University of Guelph said that "deep snow is ideal for mice. They can travel under it without danger and chew away all the bark below the snow line on your apple and pear trees, or on your favorite flowering quince."

"Rabbits have less to feed upon when the snow is crusted hard. They may come to the garden for bark and buds to eat," he said.

Professor Kelly suggests that gardeners who find damage this year should keep a program that achieved success without the need of direct support by the taxpayers of the community.

## More input in future: Runacres

Eric Runacres, the Hastings County Director of Education has predicted that there will be much more public input into Board of Education decision making in the future.

This year, the Hastings County Board opened up its doors to the public during the budget crisis facing the board, to seek public opinions and feelings about spending priorities. "The time is over when we run to the public just during a crisis moment," Mr. Runacres said.

He said the pattern for greater interaction between Boards and the public had been made, and he anticipates even more public involvement. "Then they will be able to take a greater responsibility in the type of education system they want to pay for," he said.

Both Mr. Runacres and Miriam Graham, the vice-chairman of the budget committee of the Board agreed that the Hastings Board would probably continue the practise of gathering public input. "We should have done this years ago," Mrs. Graham said.

## Community Centre news

A hockey tournament involving various teams from the Deseronto-Napanee area will be held in the Deseronto Arena during the week of April 5 to 10.

Ice time has been reserved on Monday Tuesday and Friday evenings April 5, 6, and 9 from 7 to 11 p.m.

The Deseronto Tennis Club is active once more, preparing for the 1976 schedule of club play at the community centre. Registration dates will be announced at a later date.

Mrs. Joyce Meredith has agreed to chairmanship of the Tennis Committee as part of the Deseronto Recreation Committee 1976 program of activity.

Constable Norman Clark, of the Deseronto Police Department has accepted the position as chairman of the Deseronto Recreation Committee for the 1976 Season.

The Community Centre Hall is contributing significantly to the operation of the Centre, with good crowds attending various events held to date. Dances are scheduled for the hall on April 2, a Banham Hockey Dance, April 3, CKWS No-Stars-Old Timers benefit dance, April 17, Minor Hockey Committee Dance, April 24, private rental dance and May 1 private rental dance.

There is a rumor about the Tyendinaga Region will participate in a five team lacrosse league in 1976. Good crowds turned out at the Deseronto Arena last year to watch exhibition games. Lacrosse play should increase attendance considerably.

## Festival planned

Seeking to promote a love for sacred praise, especially among boys, girls and young people, plans are once more being made for the annual Stirling Festival of Sacred Praise. This, 26 annual Festival of Sacred Praise is to be held from May 3 to 6 in St. Paul's United Church, Stirling, Ontario.

The committee responsible for the preparation of the festival seeks to improve the festival each year. Any changes that are made in the syllabus will help to create greater interest and participation, it is hoped.

A few groups and public spirited citizens made the Stirling Festival of Sacred Praise possible, when it was instituted in 1951. Since then they have endeavoured to promote more interest.

This year, they have secured the service of Dawson Woodburn, of Toronto to be the adjudicator for the vocal, choir, piano, organ, band and instrumental classes. Murray Irwin will adjudicate the Scripture classes. These adjudicators come very highly recommended to the organizers who hope they will be beneficial to the festival and contestants.

# Quinte News Round Up

The Minister of Consumer and Commercial Relations said in Toronto on Sunday that an additional 20 rent review officers will be hired to help clear a backlog of rent-review applications estimated at 245,000.

He said that at the present rate of applications, it would take six months to clear a backlog, he said.

The Minister said the estimate of 245,000 is inflated because many tenants have applied for a review when landlords have already filed applications.

The largest backlogs exist in Ottawa, Kitchener and London, said Mr. Handelman, suggesting that many of the applications involved student housing.

Tom Richmond, the Deputy Reeve of Richmond Township and a member of the Board of Governors of the Lennox and Addington Counties General Hospital has cautioned that with bed closures coupled with budget cutbacks, the hospital "is no longer a viable institution."

"This would be the start of closing the whole thing," Mr. Richmond continued. "Next year they could be back and close more beds, because it is not a satisfactory hospital any more. If we closed the obstetrics department we would only save \$120,000 or \$130,000. If we cut our other beds until we reach the \$24 called for, we would only save another \$20,000 or so."

Gordon Platz, the Reeve of Denbigh, said that if the hospital were closed it would be a major loss to the community, primarily because the hospital brings approximately \$1.1 million into the area.

The Lennox and Addington County School Board has approved recommendations which it is anticipated will probably save \$250,000.

Much of the savings will be affected by staff cutbacks and reductions, including the position of Stock control clerk, which will be eliminated June 30.

That cut itself will save the salary of the clerk, former trustee Stan Allure, of \$10,000.

Other positions to be affected will be secretarial positions in the elementary and secondary schools, custodial staffs and security staffs.

Some secretaries will be laid off during the summer months, which are not expected to be permanent, and those affected may apply for unemployment insurance.

Many spending figures will be held to the 1975 levels, field trips will no longer be funded by the board beyond funds already allotted to the schools for trips.

Spending for supplies and services will be held at the 1975 levels for elementary schools, and secondary schools will receive 85 percent of the 1975 budget.

"We are losing the things which were nice to have," said T.K. Veenstra, "the business administrator, but when the crunch comes, we have to deal with it."

The Ministry of Health has conducted tests of radioactivity levels in the Bancroft area, and found the levels acceptable.

According to a ministry official, "the tests," "indicate the radon gas levels at these sites are well within acceptable standards and there is no danger to health, noting that radon gas is found everywhere in the atmosphere."

Tests were made at five locations, the North Hastings Secondary School, Bancroft Public School, Our Lady of Mercy separate school, Paudash public school and the Bancroft community centre.

Jack Ellis, the MP for Hastings has asked that an investigation be held into the reported dumping of Dutch cheese in Ontario.

Mr. Ellis informed the Minister of Agriculture that cheese manufactured in

Holland is being sold in Ontario for much less than it is being sold in Holland.

The matter was brought to the attention of Mr. Ellis by a constituent, and Mr. Ellis in turn brought the question to the attention of Eugene Whelan. "I would appreciate any assistance you can give my constituents and in fact any other dairy farmer who shares my concern with the problem and also the larger problem of increased dairy product imports."

The office of Clarke T. Rollins has announced that grants of \$20, 350 and \$4,000 have been made to the village of Marmora and the Township of Marmora and Lake, respectively.

The grant to the village of Marmora will be used to develop the Marmora Arena and Hall.

The Township of Marmora and Lake will use its grant for the Dr. Hamilton Crawford Memorial Arena.

Werk Poole has once more been elected as the chairman of the board of directors for the Lennox and Addington County General Hospital.

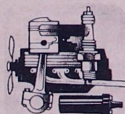

The Vice-Chairman is Elburne Zeron, and E.H. Mills is the secretary. The treasurer is Scott Bateman and Peter MacKinnon of RR 2 Bath, is the Director.

Jack Ellis M.P. for Hastings has sent a flyer to all his constituents, which includes a questionnaire asking the following questions:

Considering the new legislation regarding longer mandatory sentences, would you favour capital punishment for the murderers of police and prison guards and first degree murderers.

The Lennox and Addington County public speaking finals were held on Tuesday in the Westdale Park Public School in Napanee. There were participants from 14 elementary schools and the three secondary schools in the County.
